Willow Street Resident, 29, Held on Robbery Charge

Louis J. Turck Took $4 at Knife Point, Woman Says; Case Put Over

Louis J. Turck, 29, of 13 Willow street, was arrested at the Stuyvesant Hotel yesterday by Clara Ullrich, 51, of Minnewaska, on a charge of first degree robbery.

The case was put over until tomorrow when Turck was arraigned before City Judge Raymond J. Mino, and authorities indicated other charges may follow an investigation.

District Attorney Louis A. Bruhn said Turck is charged with having entered the room of the complainant in the hotel, and with having taken $4 after threatening her with a knife.

Turck was brought to police headquarters by Officers Frank Sammons and Walter Fitzgerald after the arrest late yesterday afternoon.

Detective Clarence Brophy investigated.

The defendant was confined to jail over night and brought back there pending appearance in court today.

It was learned today that the woman had been admitted to Kingston Hospital for treatment of injuries. Her condition was reported as "apparently fair."

Postal Employes Fear Payless Days

Delayed Legislation Said to Be Basis—Kraft Gets No Word

The National Federation of Post Office Clerks indicated in an announcement here today that post office employes are fearful that legislation may not be enacted at Washington in time to provide money for their next pay.

A telegram received from Washington, the announcement said, read: "Postal Bulletin today announces that appropriations to pay salaries for services after May 15 exhausted and instructs postmasters to withhold all salary payments pending approval of supplementary appropriation bill H.R. 6947. That bill has been in conference. Write, wire and phone your congressman and senators urging prompt and final action on H.R. 6947."

No Official Word

Postmaster William R. Kraft said he had received no official word to date that salary payments should be withheld, but he had heard of the notice received by employes.

The federation notice stressed that "Unless Congress gets down to work tomorrow this will be payless payday for all post office employes. Paydays, twice monthly, the first and 15th, will follow a holiday and weekend which are not workdays for congressmen."

The next pay would be June 1, Postmaster Kraft said.

False Alarm

Firemen were called out on a false alarm sounded from Broadway and East Chester street at 9:12 p. m., yesterday.

Judging by the number of reservations already made, a record attendance is anticipated. Some are still available and anyone who would like to attend the luncheon, may do so by telephoning Miss Alice Scardefield, president, 6071-J; Mrs. Henry M. Cameron, 530-R-1; Mrs. Conrad Heiselman, 1648; or Mrs. Harry Walker, 6740. Reservations made by telephone may be picked up at the hotel before the luncheon on Saturday.

Reds Lose Three Hills

Seoul, Korea, May 28 (AP)—Tank-supported United Nations assault groups threw the Communists off three hills today in a foray into Red lines near Korangpo on the Korea western front. A U. S. Eighth Army staff officer said the three units then returned to their lines. An incomplete early report said one of the groups killed or wounded at least 30 Reds. The raiders attacked in predawn darkness and ran into heavy Red artillery fire. But, the staff officer said, UN tank fire aided them in knocking the Reds from their positions.

Truman Raps Kremlin

Washington, May 28 (AP)—President Truman raked the Kremlin today for "passing out the lies" that the United Nations have used germ warfare in Korea. The President told a White House delegation: "The Kremlin cries that we have used germ warfare. There isn't a word of truth in that. We have never broken the Geneva convention in our operations in Korea. And they know that. They know it well. But they keep on passing out the lies that have no foundation in fact whatever."

Treasury Receipts

Washington, May 28 (AP)—The position of the Treasury May 26: Net budget receipts, $185,772,386.68; budget expenditures, $531,603,493.43; cash balance, $5,588,166,720.84; customs receipts for month, $38,667,331.24; budget receipts fiscal year July 1, $51,898,217,880.17; budget expenditures fiscal year, $58,182,796,691.67; budget deficit, $6,284,578,811.50; total debt, $259,566,808,812.40; decrease under previous day, $5,697,902.54; gold assets, $23,296,889,796.85.

Penny Boost On Foods Is To Be Made

OPS Estimates Rise Puts 100 Millions Extra in Nation's Bill—Groups Challenge Figures

'Scare' Is Charged

Distributors Say OPS Tactics Are Designed to Raise Fears

Washington, May 28 (AP)—The government is expected to announce tonight ceiling price boosts of about a penny each for a wide range of food items.

That's how much the Office of Stabilization (OPS) estimated the increases would bring to the grocer—although it said the nation's food bill would go up about 100 million dollars a year under the new ceilings.

These figures were challenged by four food distribution groups which said the adjustments would have little effect on prices.

They said competition, not ceilings, decides prices. If food retailers had gotten all the price relief they have sought and could reflect this in their prices, they said, increases of food prices to consumers would be only about five cents a week per person.

'Scare' Tactics Charged

"OPS is using scare tactics in an effort to perpetuate controls," said a statement by the National Association of Retail Grocers, the Cooperative Food Distributors of America, the National Association of Food Chains and the Super Market Institute.

"The public should understand that competition is the factor today which is keeping food prices down," the statement said.

The statement said controls are doing more harm than good in the few cases where supplies are temporarily short.

However, OPS officials made clear to reporters the higher ceilings would not necessarily mean that prices of all the items affected would go up. They will vary with stores and public demand, they said.

The OPS order will authorize higher margins for all retail food stores—both chains and independents.

OPS officials said the action is necessary because earnings of the grocers have declined.

Some Items Affected

Affected by the higher margins and ceilings will be some of the items in this wide range of foods:

Dry cereals, canned vegetables and soups, pickles, vinegar, olives, most canned meats and processed fish such as smoked fish and herring, oleomargarine, cookies and crackers, frozen foods, jams and jellies, canned fruits and others. Tuna and salmon are not included.

OPS officials said for the most

Alexander Says Reds Double Their Forces

London, May 28 (AP)—Lord Alexander, Britain's defense minister, said today Communist forces in North Korea have been almost doubled since the cease fire talks began last July.

He said the Communist forces now are not far short of one million men compared with just over 500,000 last July. He added that the reinforcements were mostly Chinese.

"The Communist forces have taken full advantage of the lull in the fighting to reinforce, reorganize and re-equip their armies," he told the House of Lords.

Poling Will Give Memorial Address Following Parade

Annual Service Scheduled at Auditorium at 4 PM—Noted as Clergyman

DR. DANIEL A. POLING

The annual memorial service for the honored soldier and sailor dead of all wars will be held Friday at 4 p. m. at the municipal auditorium immediately following the Memorial Day parade.

In view of the significance of the year 1952 as the 300th anniversary of the founding of the city, the committees of the Kingston Veterans' Association have given a large amount of time and effort to make this year's observance follow that trend.

The guest speaker for the memorial service will be Dr. Daniel A. Poling of Philadelphia, Pa., one of the best known clergymen of the country.

A former pastor of the Marble Collegiate Church in New York from 1923 to 1929, Dr. Poling later became president of the General Synod of the Reformed Church in America. He was called to the ministry of the Baptist Temple in Philadelphia in 1935.

Three Persons Slain in Virginia; Escaped Mental Patient Held

Leesburg, Va., May 28 (AP)—A woman and two men, one of them an airline pilot, were slain last night in a lonely farming section near here. An escaped mental patient was arrested and charged with murder.

Accused of the triple slaying is Maurice Ray Fox, 39, of Arcola, Va., who escaped two weeks ago from a mental institution at Staunton, Va.

The victims:

William FitzHugh, Fox, 70, his father.

Robert O'Connor, 34, Falls Church, Va., a pilot for Capital Airlines.

Lillian L. Hove, 34, Alexandria, Va.

Miss Hove had been bludgeoned to death. The two men were blasted by shotgun pellets.

Leesburg is about 35 miles from Washington, D. C.

First details of the killings were sketchy.

Sheriff Roger F. Powell of Loudoun county said his first information was received shortly before midnight from a neighbor of the elder Fox.

The neighbor reported young Fox had been seen in the neighborhood.

Powell said he and deputies left for the area promptly to search for Fox.

When they reached his home, they found the bodies of Miss Hove and O'Connor lying in the front yard.

The body of the elder Fox was found in an orchard about 200 yards away.

Residents said O'Connor owned a small plane which he usually kept at a nearby airport.

He had leased some property from Fox and often went to the area to do some gardening. Residents said, he usually buzzed the houses when he took off for home.

There was no buzzing last night.

State Troopers organized a posse of 100 men to seek young Fox.

They found him two hours later at the home of a brother, Claude. Powell said he was in bed, a shotgun beside him.

Officers disarmed Fox without a struggle and took him to Leesburg jail where the murder charge was filed.

Claude Fox's home was in a state of disarray. A number of windows had been broken. Police said the windows might have been shattered by shotgun blasts. Claude Fox and his family were not at home.

There was no sign of disorder inside the home of William Fox.

Police said the weapon used to beat Miss Hove over the head had not been found.

Powell said the elder Fox was shot in the chest, O'Connor in the back.

Young Fox was committed to the asylum at Staunton last fall. He escaped May 10.

Friends of O'Connor said the pilot was a widower and that he and Miss Hove were good friends. Powell said he was told by neighbors of O'Connor that Miss Hove drove her station wagon to O'Connor's house at Falls Church, a Washington suburb, and parked it there.

Then the two drove in O'Connor's car to the property O'Connor had rented from Fox, Powell said.

He added there were no indications from the first information he received that young Fox had any motive for attacking the pilot or Miss Hove.

New Yorker Says No Men Mistreated

Capt. McGuire Says His Wounds Result of Dodd Order to Enter Compound

Taunts Were Made

Reds, He Says, Insulted Americans Constantly Every Day

Loska, Japan, May 28 (AP)—The former security officer of riotous Koje Island said today it was "difficult for our men to swallow insults day in and day out" from Red prisoners of war but "there was never a single instance of a prisoner being treated inhumanely."

Capt. Jack McGuire, a veteran in World War 2, is in an army hospital recuperating from wounds suffered April 10 in a riot of Red prisoners.

McGuire said American soldiers have been taunted, devilled and menaced for months by vicious, sneering Communist captives.

"It was terribly difficult for our men to swallow insults day in and day out and still continue to do their jobs. Yet, during all the time I was on Koje—from Jan. 1, 1952, to May 8—there was never a single instance of a prisoner being treated inhumanely."

The graying, 37-year-old officer, from Attica, N. Y., gave the first dramatic eyewitness account of the April 10 riot on Koje—an after-dark nightmare in which at least four Korean guards and three North Korean prisoners were killed and at least six guards and 57 Reds were injured.

Was Wounded Twice

McGuire himself was wounded twice—by bullets from an American guard's machinegun and a Russian pistol fired by one of the howling rioters—as he and allied guards fell back from attacking prisoners.

The April 10 violence broke out when McGuire led 100 South Korean guards, armed only with clubs, into Prison Compound 95 to remove a wounded prisoner.

McGuire said he was ordered into the compound by then Koje commander Brig. Gen. Francis T. Dodd, against his own recommendation. Dodd was relieved of command after the Reds kidnaped and held him hostage for 78 hours this month. He has since been reduced to his permanent rank of colonel.

McGuire described the prisoners on Koje as "defiant, dangerous troublemakers, who turned even the benefits we gave them into propaganda for their own use."

Intimidation Practised

The Communist majority of prisoners thoroughly intimidated the anti-Communist captives, he said, adding:

"When we could, we got the anti-Communists out of the compounds. Often they tried to escape the compounds—and sometimes they made it. But sometimes they didn't and were dragged back by the Communists. We would find their hanged bodies later."

McGuire said never in his experience on Koje did he ever give an order to fire on prisoners.

"Just the opposite," he smiled wryly. "Once I stationed 15 armed guards outside the entrance to Compound 76 (which contained 6,000 prisoners) and went in to get 100 Reds to transfer them to another compound. The prisoners of Compound 76 didn't like this at all and it was a very tense situation. Just as the 100 prisoners marched out of the gate and I closed the gate, the other prisoners whipped up a demonstration and stormed towards the entrance, apparently intent on

Throngs Are Expected At Big Central Party

Largest Kingston Block Jamboree Is Prelude to Thursday Opening of Underpass

A new era for mid-town Kingston and the city at large will be overtured with festival and fanfare tonight when the Central Business Men's Association stages what is expected to be the largest local block party as a prelude to the opening of the Broadway underpass tomorrow.

It will be a Mardi Gras looked forward to during generations of inconvenience because a railroad was a dividing border hampering through travel in town.

Crowds will come out tonight because this day and tomorrow will be an important beginning of whatever lies ahead for this community in new progress.

They will be there because they want with celebration to put in the past forever, those days of waiting and detour and they will be there because the Central Business Men's Association has arranged one of the most inviting programs ever to observe an important local occasion.

An amplifying unit will be there at 7 p. m., to virtually shout from the house tops that the city is happy about this new local convenience, which for at least three decades, was shrugged off as a dream or "just a lot of talk."

It will be a night of all-out celebration with music, entertainment and gifts for all.

Don Pierson and his 12-piece orchestra will be there at 8 p. m., to get the party really moving. The merchants have arranged that they play for dancing as well as

East Germany Puts Tighter Squeeze on Portions of Berlin

Red Police Are Ordered to Kill Anyone Who Is Caught Minus Proper Pass

Berlin, May 28 (AP)—Commuist East Germany tightened its squeeze on blockade-threatened Berlin another notch today. Orders went out to Red police to shoot to kill anyone caught without a proper pass in the Iron Curtain's new three-mile no man's land along the West German border.

The shooting order was the latest in a series of revenge moves against the Bonn government's alliance with the west. It all but sealed off the Communist-girt former capital, which trembled in fear of a resumption of the 1948-49 siege.

Patrol Ban Continues

The Russians continued their ban on allied military patrols traveling the 110-mile Berlin-Helmstedt Autobahn, sole highway link between the isolated city and the west.

Regular civilian traffic continued to flow normally, but a new formula for transit visas adopted by the Reds yesterday could choke off traffic between West Berlin and the Bonn republic at any time.

The Russians also let a jeep-escorted three-truck U. S. Army convoy use the highway and an American officer said: "Apparently they don't mind through travel but for some reason object to our patrols going up and down 'their' road."

In Paris the Big Three western powers said they would regard

Feuerstein Named Lions Chairman At State Assembly

Kingston Man Is Elected Governor of District Also at Final Session

Syracuse, N. Y., May 28 (AP)—Alwin Feuerstein of Kingston has been elected chairman of the New York State Council of Lions Clubs.

Feuerstein also was elected governor of District 20-O, one of eight districts in the state, yesterday at the final session of the three-day state convention.

Other district governors chosen were:

District 20-N, Clarence Wagner, Youngstown; 20-E, William Seybolt, Bath; 20-W, Harold Keeler, Alexandria Bay; 20-Y, Leslie Doolittle, Syracuse; 20-R, Kenneth Katz, Peekskill; 20-K, Thomas Perito, Long Island city, and 20-S, George Lutz, Port Jefferson.

John J. Brown of Staten Island was re-elected secretary-treasurer for the 16th year.

Lake Placid was selected as the site for the 1953 convention, to be held in mid-June.

Pedestrians to Use Bank Top Walk And Not Roadway

Joseph L. Thomas, construction superintendent for Lipsett Inc., contractor on the Broadway crossing project, warned today that pedestrians should not use the roadway under the bridges when the underpass is opened at 4:30 p. m., tomorrow.

The roadway has been used by pedestrians since the concrete has been finished, Thomas said, and he issued the warning today fearing that someone might be injured.

They should use the walkway on top of the bank on the north side of the underpass until sidewalks are completed, he said.

Date Not 'Official'

The underpass will open tomorrow as scheduled without fanfare or a ribbon-cutting ceremony, because the official opening date will not be set until landscaping and other details of the project are completed.

Thomas said that the three center lanes and part of the south lane will be opened to traffic allowing about 35 feet of road space. Sidewalk and other work will be done along the north bank first, and the north lane will be opened after that is completed.

Pedestrians who attempt using the roadway under the bridges after its opened to traffic and while work is in progress, he said, face the danger of injury, either by traffic or from the machines at work.

Feuding Texans Have 4 Shows On Road in Bad Party Splits

Mineral Wells, Tex., May 28 (AP)—Feuding Texas Republicans and Democrats, busy for months in intra-party family fights, have put two shows each on the road.

Each party is sending two sets of delegates to the national conventions in Chicago. Each party is badly split in Texas.

Republicans split over Senator Taft (R.-Ohio) and General Dwight D. Eisenhower.

Democrats split over the party loyalty pledge. Anti-administration leader Governor Allan Shivers opposed the pledge and wanted an uninstructed delegation to the National Democratic Convention. Forces of the Loyal Democrats led by Fagan Dickson of San Antonio and former Rep. Maury Maverick of San Antonio insisted on delegates pledged to support the party nominee.

To be seated at the July conventions are 38 Texas Republican delegates and 52 Democratic delegates.

The Maverick-Dickson-led liberals walked out of the Democratic convention at San Antonio without asking a vote. They knew they were hopelessly out-numbered. The Loyalists held a rump meeting and declared they were the "real Democrats" because they took the party pledge.

The official break-up among the Republicans came here when the Ikemen stomped out of the Taft-dominated convention chanting "We Want Ike."

They joined their exiled cohorts—the Eisenhower delegates disqualified by the state executive

Financier Urges More Emphasis

Faster Output Needed, He Says, for Tanks, Planes, Guns, Other Weapons

Protests Decision

Baruch Is Opposed to White House Ruling on Air Force

Washington, May 28 (AP)—Bernard M. Baruch told senators today that more than 20 billion dollars is being wasted on the defense program.

He urged a broad overhauling of the multi-billion dollar defense effort with emphasis on faster production of aircraft, tanks, guns, and other weapons of war.

Baruch, 81-year-old financier and ex-adviser to presidents, testified at an open hearing of the Senate Preparedness Subcommittee.

In a prepared statement, Baruch joined with members of Congress who have been urging greater air power, to match and outstrip Soviet Russia's.

Through a series of questions, Baruch took pot shots at President Truman, the State Department and others on diplomatic, defense and domestice issues.

Decision Is Protested

Without mentioning Truman by name Baruch protested the White House decision to delay or stretch-out the program for a 143-wing air force.

And he opposed bringing Western Germany into the North Atlantic Treaty Organization until Western Europe is armed and able "to forestall any Soviet coup."

"To slow the rearming of Western Europe and at the same time begin negotiations over Germany is to put not one foot but both feet into a Soviet trap," Baruch said.

He also questioned the administration decision to build up productive capacity of aircraft, gun, ammunition and other defense plants rather than speed production of the actual weapons.

Baruch said the waste of defense billions resulted from failure to put into operation the vast system of anti-inflation controls that Congress voted after the Korean outbreak.

'Not Used for Months'

"These powers were not used for months during which living costs soared, all savings were cheapened and the real purchasing power of every defense dollar was slashed by one-fifth," he said, adding:

"This needless inflation already has cost us 12 billion dollars in higher costs of defense and is likely to exact another 10 billion dollars in needless tribute over the next fiscal year.* * * (Baruch did not explain his use of the word "tribute.")

Looking ahead, Baruch urged Congress to trim out all possible "unnecessary and postponable expenditures." But, he added:

"When you live under the shadow of war, as we do today, all actions must be valued in terms of time."

Baruch said the nation's top military experts estimate that Soviet atomic and air power will be at a peak during the next two years.

"Yet we deliberately are doing less than we can to achieve readiness by that date," he said.

Urges Restoration

Baruch urged the Senate, as has President Truman, to restore cuts made by the House in the big defense money bill and to remove a 46 billion dollar spending limit.

He said a whole year was lost, even after Russia exploded an atomic bomb, in building up western European defense forces, un-

Postal Employes Fear Payless Days

Delayed Legislation Said to Be Basis—Kraft Gets No Word

The National Federation of Post Office Clerks indicated in an announcement here today that post office employes are fearful that legislation may not be enacted at Washington in time to provide money for their next pay.

A telegram received from Washington, the announcement said, read: "Postal Bulletin today announces that appropriations to pay salaries for services after May 15 exhausted and instructs postmasters to withhold all salary payments pending approval of supplementary appropriation bill H.R. 6947. That bill has been in conference. Write, wire and phone your congressman and senators urging prompt and final action on H.R. 6947."

No Official Word

Postmaster William R. Kraft said he had received no official word to date that salary payments should be withheld, but he had heard of the notice received by employes.

The federation notice stressed that "Unless Congress gets down to work tomorrow this will be payless payday for all post office employes. Paydays, twice monthly, the first and 15th, will follow a holiday and weekend which are not workdays for congressmen."

The next pay would be June 1, Postmaster Kraft said.

Penny Boost On Foods Is To Be Made

OPS Estimates Rise Puts 100 Millions Extra in Nation's Bill—Groups Challenge Figures

'Scare' Is Charged

Distributors Say OPS Tactics Are Designed to Raise Fears

Washington, May 28 (AP)—The government is expected to announce tonight ceiling price boosts of about a penny each for a wide range of food items.

That's how much the Office of Stabilization (OPS) estimated the increases would bring to the grocer—although it said the nation's food bill would go up about 100 million dollars a year under the new ceilings.

These figures were challenged by four food distribution groups which said the adjustments would have little effect on prices.

They said competition, not ceilings, decides prices. If food retailers had gotten all the price relief they have sought and could reflect this in their prices, they said, increases of food prices to consumers would be only about five cents a week per person.

'Scare' Tactics Charged

"OPS is using scare tactics in an effort to perpetuate controls," said a statement by the National Association of Retail Grocers, the Cooperative Food Distributors of America, the National Association of Food Chains and the Super Market Institute.

"The public should understand that competition is the factor today which is keeping food prices down," the statement said.

The statement said controls are doing more harm than good in the few cases where supplies are temporarily short.

However, OPS officials made clear to reporters the higher ceilings would not necessarily mean that prices of all the items affected would go up. They will vary with stores and public demand, they said.

The OPS order will authorize higher margins for all retail food stores—both chains and independents.

OPS officials said the action is necessary because earnings of the grocers have declined.

Some Items Affected

Affected by the higher margins and ceilings will be some of the items in this wide range of foods:

Dry cereals, canned vegetables and soups, pickles, vinegar, olives, most canned meats and processed fish such as smoked fish and herring, oleomargarine, cookies and crackers, frozen foods, jams and jellies, canned fruits and others. Tuna and salmon are not included.

New Yorker Says No Men Mistreated

Capt. McGuire Says His Wounds Result of Dodd Order to Enter Compound

Taunts Were Made

Reds, He Says, Insulted Americans Constantly Every Day

Loska, Japan, May 28 (AP)—The former security officer of riotous Koje Island said today it was "difficult for our men to swallow insults day in and day out" from Red prisoners of war but "there was never a single instance of a prisoner being treated inhumanely."

Capt. Jack McGuire, a veteran in World War 2, is in an army hospital recuperating from wounds suffered April 10 in a riot of Red prisoners.

McGuire said American soldiers have been taunted, devilled and menaced for months by vicious, sneering Communist captives.

"It was terribly difficult for our men to swallow insults day in and day out and still continue to do their jobs. Yet, during all the time I was on Koje—from Jan. 1, 1952, to May 8—there was never a single instance of a prisoner being treated inhumanely."

The graying, 37-year-old officer, from Attica, N. Y., gave the first dramatic eyewitness account of the April 10 riot on Koje—an after-dark nightmare in which at least four Korean guards and three North Korean prisoners were killed and at least six guards and 57 Reds were injured.

Was Wounded Twice

McGuire himself was wounded twice—by bullets from an American guard's machinegun and a Russian pistol fired by one of the howling rioters—as he and allied guards fell back from attacking prisoners.

The April 10 violence broke out when McGuire led 100 South Korean guards, armed only with clubs, into Prison Compound 95 to remove a wounded prisoner.

McGuire said he was ordered into the compound by then Koje commander Brig. Gen. Francis T. Dodd, against his own recommendation. Dodd was relieved of command after the Reds kidnaped and held him hostage for 78 hours this month. He has since been reduced to his permanent rank of colonel.

McGuire described the prisoners on Koje as "defiant, dangerous troublemakers, who turned even the benefits we gave them into propaganda for their own use."

Intimidation Practised

The Communist majority of prisoners thoroughly intimidated the anti-Communist captives, he said, adding:

"When we could, we got the anti-Communists out of the compounds. Often they tried to escape the compounds—and sometimes they made it. But sometimes they didn't and were dragged back by the Communists. We would find their hanged bodies later."

McGuire said never in his experience on Koje did he ever give an order to fire on prisoners.

"Just the opposite," he smiled wryly. "Once I stationed 15 armed guards outside the entrance to Compound 76 (which contained 6,000 prisoners) and went in to get 100 Reds to transfer them to another compound. The prisoners of Compound 76 didn't like this at all and it was a very tense situation. Just as the 100 prisoners marched out of the gate and I closed the gate, the other prisoners whipped up a demonstration and stormed towards the entrance, apparently intent on

Baruch Claims U. S. Wastes 20 Billions of Fund

Throngs Are Expected At Big Central Party

Largest Kingston Block Jamboree Is Prelude to Thursday Opening of Underpass

A new era for mid-town Kingston and the city at large will be overtured with festival and fanfare tonight when the Central Business Men's Association stages what is expected to be the largest local block party as a prelude to the opening of the Broadway underpass tomorrow.

It will be a Mardi Gras looked forward to during generations of inconvenience because a railroad was a dividing border hampering through travel in town.

Crowds will come out tonight because this day and tomorrow will be an important beginning of whatever lies ahead for this community in new progress.

They will be there because they want with celebration to put in the past forever, those days of waiting and detour and they will be there because the Central Business Men's Association has arranged one of the most inviting programs ever to observe an important local occasion.

An amplifying unit will be there at 7 p. m., to virtually shout from the house tops that the city is happy about this new local convenience, which for at least three decades, was shrugged off as a dream or "just a lot of talk."

It will be a night of all-out celebration with music, entertainment and gifts for all.

Don Pierson and his 12-piece orchestra will be there at 8 p. m., to get the party really moving. The merchants have arranged that they play for dancing as well as

East Germany Puts Tighter Squeeze on Portions of Berlin

Red Police Are Ordered to Kill Anyone Who Is Caught Minus Proper Pass

Berlin, May 28 (AP)—Commuist East Germany tightened its squeeze on blockade-threatened Berlin another notch today. Orders went out to Red police to shoot to kill anyone caught without a proper pass in the Iron Curtain's new three-mile no man's land along the West German border.

The shooting order was the latest in a series of revenge moves against the Bonn government's alliance with the west. It all but sealed off the Communist-girt former capital, which trembled in fear of a resumption of the 1948-49 siege.

Patrol Ban Continues

The Russians continued their ban on allied military patrols traveling the 110-mile Berlin-Helmstedt Autobahn, sole highway link between the isolated city and the west.

Regular civilian traffic continued to flow normally, but a new formula for transit visas adopted by the Reds yesterday could choke off traffic between West Berlin and the Bonn republic at any time.

The Russians also let a jeep-escorted three-truck U. S. Army convoy use the highway and an American officer said: "Apparently they don't mind through travel but for some reason object to our patrols going up and down 'their' road."

In Paris the Big Three western powers said they would regard

Feuerstein Named Lions Chairman At State Assembly

Kingston Man Is Elected Governor of District Also at Final Session

Syracuse, N. Y., May 28 (AP)—Alwin Feuerstein of Kingston has been elected chairman of the New York State Council of Lions Clubs.

Feuerstein also was elected governor of District 20-O, one of eight districts in the state, yesterday at the final session of the three-day state convention.

Other district governors chosen were:

District 20-N, Clarence Wagner, Youngstown; 20-E, William Seybolt, Bath; 20-W, Harold Keeler, Alexandria Bay; 20-Y, Leslie Doolittle, Syracuse; 20-R, Kenneth Katz, Peekskill; 20-K, Thomas Perito, Long Island city, and 20-S, George Lutz, Port Jefferson.

John J. Brown of Staten Island was re-elected secretary-treasurer for the 16th year.

Lake Placid was selected as the site for the 1953 convention, to be held in mid-June.

Pedestrians to Use Bank Top Walk And Not Roadway

Joseph L. Thomas, construction superintendent for Lipsett Inc., contractor on the Broadway crossing project, warned today that pedestrians should not use the roadway under the bridges when the underpass is opened at 4:30 p. m., tomorrow.

The roadway has been used by pedestrians since the concrete has been finished, Thomas said, and he issued the warning today fearing that someone might be injured.

They should use the walkway on top of the bank on the north side of the underpass until sidewalks are completed, he said.

Date Not 'Official'

The underpass will open tomorrow as scheduled without fanfare or a ribbon-cutting ceremony, because the official opening date will not be set until landscaping and other details of the project are completed.

Thomas said that the three center lanes and part of the south lane will be opened to traffic allowing about 35 feet of road space. Sidewalk and other work will be done along the north bank first, and the north lane will be opened after that is completed.

Pedestrians who attempt using the roadway under the bridges after its opened to traffic and while work is in progress, he said, face the danger of injury, either by traffic or from the machines at work.

Financier Urges More Emphasis

Faster Output Needed, He Says, for Tanks, Planes, Guns, Other Weapons

Protests Decision

Baruch Is Opposed to White House Ruling on Air Force

Washington, May 28 (AP)—Bernard M. Baruch told senators today that more than 20 billion dollars is being wasted on the defense program.

He urged a broad overhauling of the multi-billion dollar defense effort with emphasis on faster production of aircraft, tanks, guns, and other weapons of war.

Baruch, 81-year-old financier and ex-adviser to presidents, testified at an open hearing of the Senate Preparedness Subcommittee.

In a prepared statement, Baruch joined with members of Congress who have been urging greater air power, to match and outstrip Soviet Russia's.

Through a series of questions, Baruch took pot shots at President Truman, the State Department and others on diplomatic, defense and domestice issues.

Decision Is Protested

Without mentioning Truman by name Baruch protested the White House decision to delay or stretch-out the program for a 143-wing air force.

And he opposed bringing Western Germany into the North Atlantic Treaty Organization until Western Europe is armed and able "to forestall any Soviet coup."

"To slow the rearming of Western Europe and at the same time begin negotiations over Germany is to put not one foot but both feet into a Soviet trap," Baruch said.

He also questioned the administration decision to build up productive capacity of aircraft, gun, ammunition and other defense plants rather than speed production of the actual weapons.

Baruch said the waste of defense billions resulted from failure to put into operation the vast system of anti-inflation controls that Congress voted after the Korean outbreak.

'Not Used for Months'

"These powers were not used for months during which living costs soared, all savings were cheapened and the real purchasing power of every defense dollar was slashed by one-fifth," he said, adding:

"This needless inflation already has cost us 12 billion dollars in higher costs of defense and is likely to exact another 10 billion dollars in needless tribute over the next fiscal year.* * * (Baruch did not explain his use of the word "tribute.")

Looking ahead, Baruch urged Congress to trim out all possible "unnecessary and postponable expenditures." But, he added:

"When you live under the shadow of war, as we do today, all actions must be valued in terms of time."

Baruch said the nation's top military experts estimate that Soviet atomic and air power will be at a peak during the next two years.

"Yet we deliberately are doing less than we can to achieve readiness by that date," he said.

Urges Restoration

Baruch urged the Senate, as has President Truman, to restore cuts made by the House in the big defense money bill and to remove a 46 billion dollar spending limit.

He said a whole year was lost, even after Russia exploded an atomic bomb, in building up western European defense forces, un-

Three Persons Slain in Virginia; Escaped Mental Patient Held

Leesburg, Va., May 28 (AP)—A woman and two men, one of them an airline pilot, were slain last night in a lonely farming section near here. An escaped mental patient was arrested and charged with murder.

Accused of the triple slaying is Maurice Ray Fox, 39, of Arcola, Va., who escaped two weeks ago from a mental institution at Staunton, Va.

The victims:

William FitzHugh, Fox, 70, his father.

Robert O'Connor, 34, Falls Church, Va., a pilot for Capital Airlines.

Lillian L. Hove, 34, Alexandria, Va.

Miss Hove had been bludgeoned to death. The two men were blasted by shotgun pellets.

Leesburg is about 35 miles from Washington, D. C.

First details of the killings were sketchy.

Sheriff Roger F. Powell of Loudoun county said his first information was received shortly before midnight from a neighbor of the elder Fox.

The neighbor reported young Fox had been seen in the neighborhood.

Powell said he and deputies left for the area promptly to search for Fox.

When they reached his home, they found the bodies of Miss Hove and O'Connor lying in the front yard.

The body of the elder Fox was found in an orchard about 200 yards away.

Residents said O'Connor owned a small plane which he usually kept at a nearby airport.

He had leased some property from Fox and often went to the area to do some gardening. Residents said, he usually buzzed the houses when he took off for home.

There was no buzzing last night.

State Troopers organized a posse of 100 men to seek young Fox.

They found him two hours later at the home of a brother, Claude. Powell said he was in bed, a shotgun beside him.

Officers disarmed Fox without a struggle and took him to Leesburg jail where the murder charge was filed.

Claude Fox's home was in a state of disarray. A number of windows had been broken. Police said the windows might have been shattered by shotgun blasts. Claude Fox and his family were not at home.

There was no sign of disorder inside the home of William Fox.

Police said the weapon used to beat Miss Hove over the head had not been found.

Powell said the elder Fox was shot in the chest, O'Connor in the back.

Young Fox was committed to the asylum at Staunton last fall. He escaped May 10.

Friends of O'Connor said the pilot was a widower and that he and Miss Hove were good friends. Powell said he was told by neighbors of O'Connor that Miss Hove drove her station wagon to O'Connor's house at Falls Church, a Washington suburb, and parked it there.

Then the two drove in O'Connor's car to the property O'Connor had rented from Fox, Powell said.

He added there were no indications from the first information he received that young Fox had any motive for attacking the pilot or Miss Hove.

Feuding Texans Have 4 Shows On Road in Bad Party Splits

Mineral Wells, Tex., May 28 (AP)—Feuding Texas Republicans and Democrats, busy for months in intra-party family fights, have put two shows each on the road.

Each party is sending two sets of delegates to the national conventions in Chicago. Each party is badly split in Texas.

Republicans split over Senator Taft (R.-Ohio) and General Dwight D. Eisenhower.

Democrats split over the party loyalty pledge. Anti-administration leader Governor Allan Shivers opposed the pledge and wanted an uninstructed delegation to the National Democratic Convention. Forces of the Loyal Democrats led by Fagan Dickson of San Antonio and former Rep. Maury Maverick of San Antonio insisted on delegates pledged to support the party nominee.

To be seated at the July conventions are 38 Texas Republican delegates and 52 Democratic delegates.

The Maverick-Dickson-led liberals walked out of the Democratic convention at San Antonio without asking a vote. They knew they were hopelessly out-numbered. The Loyalists held a rump meeting and declared they were the "real Democrats" because they took the party pledge.

The official break-up among the Republicans came here when the Ikemen stomped out of the Taft-dominated convention chanting "We Want Ike."

They joined their exiled cohorts—the Eisenhower delegates disqualified by the state executive

Store Thefts Seen Threat; Employes Called Dishonest

New York, May 28 (AP)—Pilfering by dishonest employes "leads the crime parade" in the nation's retail stores and may become a "dangerous threat" to a store's financial stability, retailers were warned today.

Store thefts occur "at every corporate level from the president down to messengers and porters," Raymond P. Allen, special auditor for Liberty Mutual Insurance Co., Boston, told the annual Controllers' Congress of the National Retail Dry Goods Association here.

"Dishonesty is all too often created by circumstances," he said. "Given the opportunity to steal, and assured of even a remote chance of escaping detection, an employe will frequently use his employer's funds when his personal finances reach a crisis."

Blames Inflation

S. W. Landon, shortage controller of the Hecht Co., big Washington, D. C., department store, said the rise in store crime is partly due to inflation.

Walter L. Flynn, insurance service manager of the William J. Burns Detective Agency, said the most frequent known type of crime loss in stores can be traced to customers who pay for merchandise with forged or bogus checks.

But, Flynn added, the greatest amount of dollar loss results from employe dishonesty.

Prisoner Stabbed Fatally at Attica

Attica, May 28 (AP)—An Attica State Prison inmate was stabbed fatally yesterday and authorities questioned a fellow prisoner who had been working with him as a cell block porter.

The dead man was Ulrich Forde, 32. He was serving a 15 to 30 year sentence for second degree robbery.

District Attorney Charlotte Smallwood and Wyoming county Sheriff Thomas Kennedy questioned an inmate identified by Mrs. Smallwood as Eric Grice. The district attorney said no charge was placed but that she would present the case to the grand jury next week.

Mrs. Smallwood said Forde was stabbed with a table knife that had been sharpened to a point.

Dr. Walter B. Martin, prison warden, said Forde's home was listed as (1973 Bergen street) Brooklyn and that he was convicted in Kings county in 1946.

World 'Titlist' Dies

Cudworth, Eng., May 28 (AP)—World titlist Jennifer—the hen that laid 10 eggs in less than an hour—was dead today from overwork. The pink-eyed prolific chicken hadn't produced for farmer Charlies Rogers for days. But he brought her into his home in front of the fire on Monday and Jennifer let loose—a jackpot of 10. "Jenny spent Monday night in her cardboard box and I tried to make her eat," Rogers' daughter explained. "But the laying effort had been too much for her."

Teen Jail Breakers Are Now in Prison

Wampsville, May 28 (AP)—Two teen-age jail breakers, who slugged the Madison county sheriff and a deputy, are serving indeterminate prison sentences.

County Judge Clarence C. Conley yesterday sentenced Stanley Caisse, 18, of Cherry Valley, Mass., and Thomas W. Henry, Jr., 17, of Walnut Ridge, Ark. Conley ordered they be taken to the Elmira reception center for classification and then to another state institution for confinement.

Caisse, who had pleaded innocent to charges of first-degree grand larceny, second-degree assault and jail-breaking, changed his plea to guilty yesterday.

Henry had pleaded guilty previously to charges of illegal possession of a pistol, second-degree assault and jail-breaking. Police said he was absent without leave from Sheppard Air Force Base, Tex.

The two were captured by state police a few hours after they had escaped from the county lockup here May 2.

Sheriff H. Will Campbell, 68, and Deputy Earl Judd, 73, were slugged when they brought breakfast trays to the youths' cell. The officers were not hurt seriously.

Store Thefts Seen Threat; Employes Called Dishonest

New York, May 28 (AP)—Pilfering by dishonest employes "leads the crime parade" in the nation's retail stores and may become a "dangerous threat" to a store's financial stability, retailers were warned today.

Store thefts occur "at every corporate level from the president down to messengers and porters," Raymond P. Allen, special auditor for Liberty Mutual Insurance Co., Boston, told the annual Controllers' Congress of the National Retail Dry Goods Association here.

"Dishonesty is all too often created by circumstances," he said. "Given the opportunity to steal, and assured of even a remote chance of escaping detection, an employe will frequently use his employer's funds when his personal finances reach a crisis."

Blames Inflation

S. W. Landon, shortage controller of the Hecht Co., big Washington, D. C., department store, said the rise in store crime is partly due to inflation.

Walter L. Flynn, insurance service manager of the William J. Burns Detective Agency, said the most frequent known type of crime loss in stores can be traced to customers who pay for merchandise with forged or bogus checks.

But, Flynn added, the greatest amount of dollar loss results from employe dishonesty.

Tree Burials

Among the Andamanese, those dying in the prime of life were "buried" upon a platform placed in a tree, according to the Encyclopedia Britannica.

Prisoner Stabbed Fatally at Attica

Attica, May 28 (AP)—An Attica State Prison inmate was stabbed fatally yesterday and authorities questioned a fellow prisoner who had been working with him as a cell block porter.

The dead man was Ulrich Forde, 32. He was serving a 15 to 30 year sentence for second degree robbery.

District Attorney Charlotte Smallwood and Wyoming county Sheriff Thomas Kennedy questioned an inmate identified by Mrs. Smallwood as Eric Grice. The district attorney said no charge was placed but that she would present the case to the grand jury next week.

Mrs. Smallwood said Forde was stabbed with a table knife that had been sharpened to a point.

Dr. Walter B. Martin, prison warden, said Forde's home was listed as (1973 Bergen street) Brooklyn and that he was convicted in Kings county in 1946.

World 'Titlist' Dies

Cudworth, Eng., May 28 (AP)—World titlist Jennifer—the hen that laid 10 eggs in less than an hour—was dead today from overwork. The pink-eyed prolific chicken hadn't produced for farmer Charlies Rogers for days. But he brought her into his home in front of the fire on Monday and Jennifer let loose—a jackpot of 10. "Jenny spent Monday night in her cardboard box and I tried to make her eat," Rogers' daughter explained. "But the laying effort had been too much for her."

Teen Jail Breakers Are Now in Prison

Wampsville, May 28 (AP)—Two teen-age jail breakers, who slugged the Madison county sheriff and a deputy, are serving indeterminate prison sentences.

County Judge Clarence C. Conley yesterday sentenced Stanley Caisse, 18, of Cherry Valley, Mass., and Thomas W. Henry, Jr., 17, of Walnut Ridge, Ark. Conley ordered they be taken to the Elmira reception center for classification and then to another state institution for confinement.

Caisse, who had pleaded innocent to charges of first-degree grand larceny, second-degree assault and jail-breaking, changed his plea to guilty yesterday.

Henry had pleaded guilty previously to charges of illegal possession of a pistol, second-degree assault and jail-breaking. Police said he was absent without leave from Sheppard Air Force Base, Tex.

The two were captured by state police a few hours after they had escaped from the county lockup here May 2.

Sheriff H. Will Campbell, 68, and Deputy Earl Judd, 73, were slugged when they brought breakfast trays to the youths' cell. The officers were not hurt seriously.

Small Sheep

The Isle of Man's four-horned sheep are known as Loaghtan, or mouse-colored, sheep. They live on the hilltops, where the soil is very poor, and, consequently, are small in stature.

KINGSTON, NEW YORK, MAY 28, 1952

DAY OF MEMORY

Memorial Day will be observed in American military cemeteries throughout the world with traditional rites. Muted bugles will play Taps softly over decorated graves. Rifles will be fired in the age-old salute of soldiers to departed comrades. America will pause for a moment to remember the sacrifice of those who in Lincoln's words "gave their last full measure of devotion."

Memorial Day would be a good day to recall that bigotry and intolerance are no part of the American philosophy. Wherever American fighting men are buried there are many Stars of David among the crosses that mark the graves, a sign that Christian and Jew have been equally willing to die for freedom. The simple details on the markers do not mention the color or the ancestry of the fallen warriors. Men of every race, religion and parentage have paid the price; they have watered with their blood the tree of liberty.

Memorial Day should be a day of pride in the strength and the character of those who have offered their lives at every time in our history when such dreadful sacrifices were necessary. It should be a time of renewed resolution to seek a world in which the cost of liberty is not necessarily paid with the blood of patriots.

Truth, so simple and easy to extend, stands as the most formidable force we know.

RED PROPAGANDA IN ASIA

For the most part of the world propaganda campaign of the Communists on such matters as alleged germ warfare and mistreatment of prisoners in the Korean theatre has proved a fiasco. The Reds are hollering in an empty rain barrel.

Reports from Southeast Asia, where the manufacturers of the falsehoods would like to score most heavily, make it clear that these charges have had little effect so far.

The only people who are inclined to believe them are Communists, their sympathizers, and those who for one reason or another have a blind hatred of the United States and thus are willing to give credence to almost any story.

The great majority of Asiatics who can read and understand world events—and that total is small proportionately in the southeastern population—pay little heed nowadays to Communist ravings.

On the germ warfare question, Red refusal to allow investigation of North Korean zones, plus scientific evidence marshaled by the United Nations, has served to spike Communist propaganda.

As might have been expected, the Reds made more headway with their claims of prisoner mistreatment, largely because of the damaging statements of General Colson, who seemed to be admitting inhuman conduct on our part. Our case was not aided by the prisoners' capture of General Dodd. It cost us considerable "face" among the Southeast Asians.

Yet in spite of this harm suffered, we are not generally losing ground these days in the propaganda battle for non-Red areas of Asia. Quite the contrary. The best-informed Asiatics in lands like Indo-China, Burma, Thailand, Indonesia and India are becoming pretty fed up with Communist chatter.

Too many times they have been able to compare Red claims with Red refusal to have those claims investigated. Too many times the mere course of events has disproved outrageous charges.

The feeling is growing strong in Southeast Asia that the Reds are talking, but not performing. For many months now, they have made on significant new showing of power in that part of the world. In that circumstance, their words sound limp and flabby, and few non-Communists are disposed to accept them.

We of the western world have always greatly feared the force and impact of Red propaganda. Often our fears have been justified. But we are learning that a hopped-up diet of lies can jade the palates even of people whose poverty and general low estate make them most susceptible to such tempting fare.

The person always seeking security might best succeed by looking for it in opportunity.

'These Days'

By GEORGE SOKOLSKY

THE GRASS ROOTS CLUBS

One of the most stirring phenomena of the moment is the rise of what might be termed the grass roots organizations throughout this country. They are springing up in every state, and circulars about them are coming in every mail. Some are, of course, only efforts at individual activity; others are genuine expressions of revolt against the stodginess of both parties.

I have already written of the Liberty Belles, the organization founded by Vivien Kellems, which is spreading like a prairie fire in some parts of the country. It is a vital organization of active women who were aroused to moral indignation by taxation and corruption. Already in states like Texas and California these women are politically important, although they still avoid partisanship.

Another such group in the process of widespread organization is the Freedom Clubs founded by Dr. James W. Fifield, Jr., a Congregational minister of Los Angeles. Their object is to stimulate an interest in an "aggressive Americanism" at home. While such a term may be ambiguous, the credo of the Fredom Clubs makes their position clear:

"I believe

"In freedom under God—that man has certain inalienable rights and that among these are life, liberty and the pursuit of happiness.

"In the dignity and importance of man—that the state should be the servant, not the master, of its individual citizens.

"In the American principle that whenever any form of government becomes destructive of individual liberty it is the right of the people to alter it.

In the Bill of Rights and the freedoms it guarantees under the Constitution of the United States.

"In the economic principle of free enterprise and the ownership of private property."

At first, this organization had rough sledding because as soon as clubs were organized, they were being infiltrated from both the right and the left. In some respects, the extreme right offered a greater peril because while they could accept, in their own minds, the credo of the "Freedom Clubs," they added certain hates, particularly racial and religious, which were intolerable to the founders and members generally. This weakness has, I understand, been cured and the Freedom Clubs are again pushing forward.

These movements represent a popular dissatisfaction not only with the political parties but also with the apathy of so large a part of the population. Whatever popularity they develop will be a response to the challenge of an America that has gone defensive, that has become even ashamed of patriotism.

In this connection, I have had an astonishing experience. Proposing in a recent article that this Fourth of July be employed to restore the flying of the American flag from every household, I have received an enormous responsive mail, not only saying that it will be done, but suggesting all sorts of plans for community action. I am informed by John R. O'Brien, national commander of the Marine Corps League, that his organization will launch a nationwide drive to urge wider display of the flag on all American holidays.

It is impossible to write about all organizations of this type, but they are very numerous and their purposes expose the real sentiments of the people, which may be judged, from the various programs, to be:

1. Patriotism is not to be confused with such smear words as Fascism or isolationism. An American wants to be a patriot. He wants to display, exhibit, express his love of country;

2. In our type of society, public emotions will be publicly expressed, in groups, societies, in clubs, in forums. The "old cracker barrel" attitude still exists in the desire for sitting around and discussing problems. For a while, it looked as though an intellectual elite had mastered the minds of our people, but the grass-roots are asserting themselves in an anti-elite-ism, in the normal American concept that one man's opinion is as good as another's.

That is perhaps an explanation of Harry Truman's 1948 victory. But this year, corruption, subversion and internationalism, accompanied by high taxes, high prices and the killing of Americans in undefined wars, must be discussed. Harry Truman is smart enough to understand that 1952 is not 1948 for him, because the grass-roots have turned on his concepts of American life. It is not surprising that he made his best speech before the Socialists. He felt at home among them. But most Americans do not feel at home among Socialists.

MORE ABOUT PAIN IN THE NECK

Sufferers with neck pain tend to think it is caused by the position in which they hold their heads, or arthritis of the joints in the spinal column of the neck.

However, in the Journal of the American Medical Association a few months ago, Drs. James E. Watson, Jr. and Sylvester W. Thorn, Houston, Texas, outlined the different conditions causing neck pain, stating that "in the differential diagnosis of neck pain consideration must be taken of the patient's age, the manner of onset and duration of pain, the severity of the pain, and the general condition of the patient. In children, acute neck pain is usually due to infection in the nose and throat, the central nervous system, or the lymph nodes in or near the neck."

In adults, pain is often due to infection of teeth or other parts of the mouth, position in which head or neck is held, muscular affections and injuries. In the elderly, neck pain may be caused by arthritis in the spinal joints of neck, high blood pressure and cancer.

The neck pain of acute inflammation of the tonsils, throat or larynx that of a sore throat which hurts when eating or talking and there is usually a rise in temperature, fatigue, and other symptoms of an acute nose and throat infection.

The neck pain of infantile paralysis (polio) is usually in the back of the neck; pain is increased by bending neck.

Another severe pain in neck is caused by the bones in back of neck getting out of place or being subjected to great pressure as from a blow on the head or a fall.

I have written before about pain in the neck caused by a bone in the neck being almost as long as a rib! It is called cervical rib and if pain is severe, a portion of this cervical rib is removed by surgery.

Drs. Watson and Thorn give a list of over 40 conditions which may cause neck pain, beginning with sore throat and ending with heart disease and new growths. In conclusion, they state that "it may be said that while many cases of neck pain can be easily diagnosed on short examination, in others a meticulous or very careful history and certain physical and neurological (nerve structure) and certain laboratory tests will be required before even a most astute clinician can arrive at the proper diagnosis."

Modern Elizabethan Age

The Washington Merry-Go-Round

By DREW PEARSON

Washington — President Truman was both jovial and paternalistic when he received a California delegation led by Attorney General Pat Brown who came on the forlorn hope of changing his mind on tidelands oil.

"You heard my speech," the President remarked, half humorously. "How can you expect me to change my mind after that?"

Brown reminded him that Californians had come to talk to him in 1948 at which time he had refused to take a stand because tidelands oil was then before the Supreme Court.

"Yes, and the Supreme Court has now decided in favor of the 48 states," Mr. Truman interrupted.

However, he agreed to study a memo that the California lawyers promised to prepare for him, though, as an indication that it probably wouldn't change his mind, he told the following story:

"It reminds me of an old judge out in Missouri," he said. "He told the court, 'Bring the man in. We'll give him a fair trial and then hang him.'"

The President also enjoyed talking to Brown, who is running against Sen. Estes Kefauver in California, about the various presidential candidates. Regarding Sen. Richard Russell of Georgia, he said: "If he were right on civil rights, he might be the ablest of all."

Averell Harriman he described as "a wonderful man—but imagine a Wall Street banker being elected president!"

Taft's Socialism

Sen. Bob Taft, author of the Taft Housing Act of which he is quite proud, would not be flattered if he read a letter written by the Los Angeles real estate lobby calling his act "socialistic."

Of course "socialistic" is an easy epithet to hurl these days, and Senator Taft has used it himself at times. However, this column has just unearthed an unusual letter written by the Los Angeles lobby in its effort to defeat a slum clearance-housing program in Los Angeles, to be built under Taft's housing law.

The letter puts the bite on the Los Angeles Clearing House Association, Ben Meyer, chairman, to the tune of $15,000 as part of an $185,000 slush fund the real estate lobby is raising to defeat Los Angeles housing.

Real estate and housing groups all over the nation are watching the Los Angeles battle, where the city government had already signed a contract with the federal government to proceed with the housing program, when suddenly two city councilmen mysteriously changed their minds.

After that the California Supreme Court ruled that the city must continue with its housing contract, regardless of the two councilmen. But the real estate lobby is continuing the battle just the same.

In case Senator Taft is interested in what the Los Angeles realtors think of his "socialism," here is their letter signed by "George M. Eason, finance chairman, Committee Against Socialistic Housing":

"Mr. Ben Meyer
"Chairman, Los Angeles Clearing House Association
"Los Angeles, California

"Dear Mr. Meyer:

"You are familiar with the fight now going on at the city hall regarding public housing.

"This matter will be on the ballot in the election of June 3.

"The various organizations interested in financing and building of homes in Los Angeles have formed the Committee Against Socialist Housing. We anticipate that it will take a fund of $185,000, to put on the campaign. Many organizations have already pledged the amount that they will raise through their membership.

"In the campaign on Proposition 10, the Clearing House Association subscribed $7,500. The cost of that campaign was $94,000. We therefore are asking the Clearing House Association to subscribe $15,000 towards this campaign.

"The public housers have started their campaign and are now holding meetings in various parts of Los Angeles. We anticipate that they will have unlimited funds at their disposal.

"We will appreciate any assistance that you can give us in this matter."

Boomerang in Michigan

Michigan Republicans are now stuck in their own election loophole, originally devised to trip up the Democrats. Several years ago they split the ballot in order to keep the state ticket from being submerged by FDR's quadrennial landslides. The voters were thus given a change to vote for FDR on one ballot and for local GOP candidates on the other.

But with the prospects of an Eisenhower landslide this November, the tables are reversed. In other states, an Eisenhower victory would probably sweep the GOP candidates for senator and governor into office along with him. But in Michigan, the split ballot will give the voters a chance to consider the state candidates separately.

What worries the Michigan Republicans is the tremendous popularity of Democratic Sen. Blair Moody, who has made an amazing record during his one year in the Senate. The private polls show Moody and Democratic Gov. "Soapy" Williams ahead with Michigan voters. And the GOP strategists, ironically, are trying to figure some way to tie their state candidates to the national ticket in anticipation of an Ike sweep.

They are 100 feet in diameter and, when used in clusters, can carry a load of 18,000 pounds. Experts predict that in the near future our planes will be able to parachute light tanks to troops on the ground. . . . Congressman Jackson of Washington State arrived at the Democratic convention in Spokane with a speech in his pocket praising Kefauver. But Democratic bosses who hate the Tennessee senator warned him that if he gave the speech they would withdraw their financial support in his own campaign for the senator. So Jackson kept his Kefauver speech in his pocket. . . . The Pentagon is genuinely jittery over the possibility the Communists, after all their accusations against us, will use germ warfare in Korea. Vast numbers of gas masks have been stored around the world and will be rushed to the scene by airplane the minute germ warfare is spotted. In addition, the army has prepared special teams of experts—research men, doctors, public health authorities—ready to take off by plane within hours of the first sign of germ warfare. Many other steps have been planned, but for security, must be kept secret. . . . The Holland Furnace Company may not know it, but OPS agents are hot on their trail for overcharging customers. OPS filed one triple damage suit against Holland in Rochester, N. Y., and is now checking Holland sales across the country Results of these field investigations will arrive in Washington shortly. . . . Despite the conflicting stories about Guy Burgess and Donald MacLean, the two missing British diplomats, British intelligence is still convinced both men are still under arrest by the Russians. Burgess and MacLean, according to their reports, are under 24-hour guard in Moscow's notorious Lubianka Prison. . . . During the next three years, U. Today in Europe

Europe Has Hope in Eisenhower as He Leaves Continent for New Role

By DAVID LAWRENCE

Paris, May 28—No man in American history has had the role which Gen. Dwight Eisenhower has filled in the last ten years, and now, as he flies back home this week end, he turns to a different role—something many men have experienced in the field of politics.

From the time Gen. Eisenhower began to command the inter-Allied forces in North Africa—followed, as it was, by the supreme command in the victorious march across Europe from the coast of Normandy—his name has represented a message of hope to free peoples, some of them already under the yoke of the conqueror.

Today, as the General looks back on more than a year of supreme command over inter-Allied forces formed to prevent a third world war, his imprint in European minds is that of a man who exudes confidence and still brings hope. For it was Eisenhower who brought the armies of Europe into being under what is known as the North Atlantic Treaty Organization.

Now, as he goes back to America, there is in Europe still a feeling of hope when the name of Gen. Eisenhower is mentioned. For, if he should become President of the United States, all Europe will feel that America will not desert Europe in these painful days of reconstruction. It is not financial aid which hangs in the balance—for that can be gradually diminished. It is the spirit of American cooperation — the comradeship that liberated Europe in two world wars—which hangs in the balance. Rightly or wrongly, the impression has developed in France that Eisenhower reflects continued American understanding of Europe's problems and that Sen. Taft does not. This correspondent, when asked, has been telling French leaders and editors that the Ohio senator is not an isolationist and that, if elected President, he would in all probability adhere to the principle of international cooperation, especially as existing treaties with Europe call for certain commitments that will not be dishonored.

But the European shakes his head in unconvinced fear and plainly shows his worry, and there are some elements which think already in terms of appeasing Russia if America is to turn away from helping Europe. This is an unrealistic and unjustified fear, but it illustrates the point.

Gen. Eisenhower has steered a non-political course here. He has observed all the proprieties in his dealings with the European governments and leaders. He has been embarrassed, of course, by the attention which the newspapers here and abroad have given to the political campaign in the United States as it affects him, and it is amusing at times to note the European bewilderment over the box score of delegates from the various states as the race draws near to a climax. No such system of picking a presidential candidate exists anywhere in Europe.

The Eisenhower personality on the television screen is going to create more of a sensation than the phrases of his speeches. For he has a positive, dynamic, likable manner which makes friends and develops a contagious spirit—the essence of political campaign strength.

Dwight Eisenhower is a born extrovert and the kind of man who on the stump is likely to arouse the same kind of national affection that was such an asset for Theodore Roosevelt, popularly called "Teddy," as he drew unprecedented crowds a half century ago.

This writer talked at length with the General and discussed several current problems. He appears well informed and well versed in American history. He is steady and not impulsive. He will not be stampeded into making decisions nor into offering opinions on highly complex national and international problems merely to satisfy the curiosity of a press conference.

While in Paris, this correspondent has also sought out some men who have known Gen. Eisenhower for many years. Their judgment of him is that he is a good listener, likes to find people who are honest advisers, and then makes up his own mind on the basis of common sense and fundamental honesty. He is "generous in spirit," as one intimate friend put it, but "he is no weakling and no softie." Others say also that his main desire is to be fair, and that, if the word "deal" ever gets tied into his campaign, it will be in the phrase "square deal," because that's his basic attitude toward his fellow men.

AS PEGLER SEES IT

By WESTBROOK PEGLER

I have already exposed the falsity of a broadcast by James J. McElroy, secretary-treasurer of the New York Association of Catholic Trade Unionists, over WFUV-FM, of Fordham University, praising Philip Murray for "kicking the commies out of the CIO." I showed, through Murray's own writings, that Murray ardently defended Harry Bridges, the reddest of those commies, in a CIO-Communist tract which viciously abused patriotic Americans who had carefully gathered the proof that Bridges was in fact a Communist and had convicted him in court.

But, in 1948, when the CIO was riveting its yellow-dog collar on Harry S. Truman, Bridges, being a Communist, naturally chose to support bubblehead Wallace on the so-called progressive ticket which was the ticket of the traitorous, treasonous Communist organization. Not because Bridges was a Communist, but because he was opposing the CIO's candidate, Murray kicked him out of his appointive position as West coast regional director of the CIO and appointed Timothy F. Flynn, of Worcester, Mass., as his successor.

Perhaps Mr. McElroy did not know the history of Timothy Flynn when he made this broadcast to the trusting clientele of Fordham University's Station WFUV-FM. I call attention to the important fact that McElroy told the people who listened to him nothing about the criminal record of this strong-arm goon who qualified for a dominant but irresponsible civic and political power over a vast portion of our nation and many millions of our people by a career as a burglar and jailbird.

Timothy F. Flynn's FBI number is 84040. Records in the Department of Public Safety of the Commonwealth of Massachusetts, show that he began his career of crime with an arrest in March, 1918, when he was 15 years old. He became well known to the Worcester police, some of whom still remember him, personally, under a filthy nickname which does not appear in any of the records, however. The charge in this first arrest was breaking and entering and larceny. Flynn was placed on probation by order of the district court. For violation of probation, he would have been sent to the Lyman School for Boys for an indefinite term.

On September 15, 1919, in the Worcester district court, Flynn was sentenced to the Shirley School for an indefinite term, for attempting to break and enter with intent to steal. An appeal is noted in the files of the Department of Public Safety of the Commonwealth.

On Oct. 20, 1920, Flynn was arrested in Worcester on a charge of larceny. He was delivered to the police of Hudson, Mass., who had a warrant accusing him of stealing an automobile. On Nov. 29, 1920, in the Middlesex Superior Court, he was sentenced to 18 months in the House of Correction. On Feb. 8, 1921, Flynn was transferred to the Massachusetts Reformatory at Concord.

On Aug. 8, 1923, Flynn was arrested in Worcester charged with burglary. The Superior Court sentenced him to serve from 2½ to 3 years in Charlestown Prison. He was paroled on April 11, 1926.

On March 9, 1930, Flynn was

DAY OF MEMORY

Memorial Day will be observed in American military cemeteries throughout the world with traditional rites. Muted bugles will play Taps softly over decorated graves. Rifles will be fired in the age-old salute of soldiers to departed comrades. America will pause for a moment to remember the sacrifice of those who in Lincoln's words "gave their last full measure of devotion."

Memorial Day would be a good day to recall that bigotry and intolerance are no part of the American philosophy. Wherever American fighting men are buried there are many Stars of David among the crosses that mark the graves, a sign that Christian and Jew have been equally willing to die for freedom. The simple details on the markers do not mention the color or the ancestry of the fallen warriors. Men of every race, religion and parentage have paid the price; they have watered with their blood the tree of liberty.

Memorial Day should be a day of pride in the strength and the character of those who have offered their lives at every time in our history when such dreadful sacrifices were necessary. It should be a time of renewed resolution to seek a world in which the cost of liberty is not necessarily paid with the blood of patriots.

Truth, so simple and easy to extend, stands as the most formidable force we know.

RED PROPAGANDA IN ASIA

For the most part of the world propaganda campaign of the Communists on such matters as alleged germ warfare and mistreatment of prisoners in the Korean theatre has proved a fiasco. The Reds are hollering in an empty rain barrel.

Reports from Southeast Asia, where the manufacturers of the falsehoods would like to score most heavily, make it clear that these charges have had little effect so far.

The only people who are inclined to believe them are Communists, their sympathizers, and those who for one reason or another have a blind hatred of the United States and thus are willing to give credence to almost any story.

The great majority of Asiatics who can read and understand world events—and that total is small proportionately in the southeastern population—pay little heed nowadays to Communist ravings.

On the germ warfare question, Red refusal to allow investigation of North Korean zones, plus scientific evidence marshaled by the United Nations, has served to spike Communist propaganda.

As might have been expected, the Reds made more headway with their claims of prisoner mistreatment, largely because of the damaging statements of General Colson, who seemed to be admitting inhuman conduct on our part. Our case was not aided by the prisoners' capture of General Dodd. It cost us considerable "face" among the Southeast Asians.

Yet in spite of this harm suffered, we are not generally losing ground these days in the propaganda battle for non-Red areas of Asia. Quite the contrary. The best-informed Asiatics in lands like Indo-China, Burma, Thailand, Indonesia and India are becoming pretty fed up with Communist chatter.

Too many times they have been able to compare Red claims with Red refusal to have those claims investigated. Too many times the mere course of events has disproved outrageous charges.

The feeling is growing strong in Southeast Asia that the Reds are talking, but not performing. For many months now, they have made on significant new showing of power in that part of the world. In that circumstance, their words sound limp and flabby, and few non-Communists are disposed to accept them.

We of the western world have always greatly feared the force and impact of Red propaganda. Often our fears have been justified. But we are learning that a hopped-up diet of lies can jade the palates even of people whose poverty and general low estate make them most susceptible to such tempting fare.

The person always seeking security might best succeed by looking for it in opportunity.

'These Days'

By GEORGE SOKOLSKY

THE GRASS ROOTS CLUBS

One of the most stirring phenomena of the moment is the rise of what might be termed the grass roots organizations throughout this country. They are springing up in every state, and circulars about them are coming in every mail. Some are, of course, only efforts at individual activity; others are genuine expressions of revolt against the stodginess of both parties.

I have already written of the Liberty Belles, the organization founded by Vivien Kellems, which is spreading like a prairie fire in some parts of the country. It is a vital organization of active women who were aroused to moral indignation by taxation and corruption. Already in states like Texas and California these women are politically important, although they still avoid partisanship.

Another such group in the process of widespread organization is the Freedom Clubs founded by Dr. James W. Fifield, Jr., a Congregational minister of Los Angeles. Their object is to stimulate an interest in an "aggressive Americanism" at home. While such a term may be ambiguous, the credo of the Fredom Clubs makes their position clear:

"I believe

"In freedom under God—that man has certain inalienable rights and that among these are life, liberty and the pursuit of happiness.

"In the dignity and importance of man—that the state should be the servant, not the master, of its individual citizens.

"In the American principle that whenever any form of government becomes destructive of individual liberty it is the right of the people to alter it.

In the Bill of Rights and the freedoms it guarantees under the Constitution of the United States.

"In the economic principle of free enterprise and the ownership of private property."

At first, this organization had rough sledding because as soon as clubs were organized, they were being infiltrated from both the right and the left. In some respects, the extreme right offered a greater peril because while they could accept, in their own minds, the credo of the "Freedom Clubs," they added certain hates, particularly racial and religious, which were intolerable to the founders and members generally. This weakness has, I understand, been cured and the Freedom Clubs are again pushing forward.

These movements represent a popular dissatisfaction not only with the political parties but also with the apathy of so large a part of the population. Whatever popularity they develop will be a response to the challenge of an America that has gone defensive, that has become even ashamed of patriotism.

In this connection, I have had an astonishing experience. Proposing in a recent article that this Fourth of July be employed to restore the flying of the American flag from every household, I have received an enormous responsive mail, not only saying that it will be done, but suggesting all sorts of plans for community action. I am informed by John R. O'Brien, national commander of the Marine Corps League, that his organization will launch a nationwide drive to urge wider display of the flag on all American holidays.

It is impossible to write about all organizations of this type, but they are very numerous and their purposes expose the real sentiments of the people, which may be judged, from the various programs, to be:

1. Patriotism is not to be confused with such smear words as Fascism or isolationism. An American wants to be a patriot. He wants to display, exhibit, express his love of country;

2. In our type of society, public emotions will be publicly expressed, in groups, societies, in clubs, in forums. The "old cracker barrel" attitude still exists in the desire for sitting around and discussing problems. For a while, it looked as though an intellectual elite had mastered the minds of our people, but the grass-roots are asserting themselves in an anti-elite-ism, in the normal American concept that one man's opinion is as good as another's.

That is perhaps an explanation of Harry Truman's 1948 victory. But this year, corruption, subversion and internationalism, accompanied by high taxes, high prices and the killing of Americans in undefined wars, must be discussed. Harry Truman is smart enough to understand that 1952 is not 1948 for him, because the grass-roots have turned on his concepts of American life. It is not surprising that he made his best speech before the Socialists. He felt at home among them. But most Americans do not feel at home among Socialists.

MORE ABOUT PAIN IN THE NECK

Sufferers with neck pain tend to think it is caused by the position in which they hold their heads, or arthritis of the joints in the spinal column of the neck.

However, in the Journal of the American Medical Association a few months ago, Drs. James E. Watson, Jr. and Sylvester W. Thorn, Houston, Texas, outlined the different conditions causing neck pain, stating that "in the differential diagnosis of neck pain consideration must be taken of the patient's age, the manner of onset and duration of pain, the severity of the pain, and the general condition of the patient. In children, acute neck pain is usually due to infection in the nose and throat, the central nervous system, or the lymph nodes in or near the neck."

In adults, pain is often due to infection of teeth or other parts of the mouth, position in which head or neck is held, muscular affections and injuries. In the elderly, neck pain may be caused by arthritis in the spinal joints of neck, high blood pressure and cancer.

The neck pain of acute inflammation of the tonsils, throat or larynx that of a sore throat which hurts when eating or talking and there is usually a rise in temperature, fatigue, and other symptoms of an acute nose and throat infection.

The neck pain of infantile paralysis (polio) is usually in the back of the neck; pain is increased by bending neck.

Another severe pain in neck is caused by the bones in back of neck getting out of place or being subjected to great pressure as from a blow on the head or a fall.

I have written before about pain in the neck caused by a bone in the neck being almost as long as a rib! It is called cervical rib and if pain is severe, a portion of this cervical rib is removed by surgery.

Drs. Watson and Thorn give a list of over 40 conditions which may cause neck pain, beginning with sore throat and ending with heart disease and new growths. In conclusion, they state that "it may be said that while many cases of neck pain can be easily diagnosed on short examination, in others a meticulous or very careful history and certain physical and neurological (nerve structure) and certain laboratory tests will be required before even a most astute clinician can arrive at the proper diagnosis."

Modern Elizabethan Age

The Washington Merry-Go-Round

By DREW PEARSON

Washington — President Truman was both jovial and paternalistic when he received a California delegation led by Attorney General Pat Brown who came on the forlorn hope of changing his mind on tidelands oil.

"You heard my speech," the President remarked, half humorously. "How can you expect me to change my mind after that?"

Brown reminded him that Californians had come to talk to him in 1948 at which time he had refused to take a stand because tidelands oil was then before the Supreme Court.

"Yes, and the Supreme Court has now decided in favor of the 48 states," Mr. Truman interrupted.

However, he agreed to study a memo that the California lawyers promised to prepare for him, though, as an indication that it probably wouldn't change his mind, he told the following story:

"It reminds me of an old judge out in Missouri," he said. "He told the court, 'Bring the man in. We'll give him a fair trial and then hang him.'"

The President also enjoyed talking to Brown, who is running against Sen. Estes Kefauver in California, about the various presidential candidates. Regarding Sen. Richard Russell of Georgia, he said: "If he were right on civil rights, he might be the ablest of all."

Averell Harriman he described as "a wonderful man—but imagine a Wall Street banker being elected president!"

Europe Has Hope in Eisenhower as He Leaves Continent for New Role

By DAVID LAWRENCE

Paris, May 28—No man in American history has had the role which Gen. Dwight Eisenhower has filled in the last ten years, and now, as he flies back home this week end, he turns to a different role—something many men have experienced in the field of politics.

From the time Gen. Eisenhower began to command the inter-Allied forces in North Africa—followed, as it was, by the supreme command in the victorious march across Europe from the coast of Normandy—his name has represented a message of hope to free peoples, some of them already under the yoke of the conqueror.

Today, as the General looks back on more than a year of supreme command over inter-Allied forces formed to prevent a third world war, his imprint in European minds is that of a man who exudes confidence and still brings hope. For it was Eisenhower who brought the armies of Europe into being under what is known as the North Atlantic Treaty Organization.

Now, as he goes back to America, there is in Europe still a feeling of hope when the name of Gen. Eisenhower is mentioned. For, if he should become President of the United States, all Europe will feel that America will not desert Europe in these painful days of reconstruction. It is not financial aid which hangs in the balance—for that can be gradually diminished. It is the spirit of American cooperation — the comradeship that liberated Europe in two world wars—which hangs in the balance. Rightly or wrongly, the impression has developed in France that Eisenhower reflects continued American understanding of Europe's problems and that Sen. Taft does not. This correspondent, when asked, has been telling French leaders and editors that the Ohio senator is not an isolationist and that, if elected President, he would in all probability adhere to the principle of international cooperation, especially as existing treaties with Europe call for certain commitments that will not be dishonored.

But the European shakes his head in unconvinced fear and plainly shows his worry, and there are some elements which think already in terms of appeasing Russia if America is to turn away from helping Europe. This is an unrealistic and unjustified fear, but it illustrates the point.

Gen. Eisenhower has steered a non-political course here. He has observed all the proprieties in his dealings with the European governments and leaders. He has been embarrassed, of course, by the attention which the newspapers here and abroad have given to the political campaign in the United States as it affects him, and it is amusing at times to note the European bewilderment over the box score of delegates from the various states as the race draws near to a climax. No such system of picking a presidential candidate exists anywhere in Europe.

The Eisenhower personality on the television screen is going to create more of a sensation than the phrases of his speeches. For he has a positive, dynamic, likable manner which makes friends and develops a contagious spirit—the essence of political campaign strength.

Dwight Eisenhower is a born extrovert and the kind of man who on the stump is likely to arouse the same kind of national affection that was such an asset for Theodore Roosevelt, popularly called "Teddy," as he drew unprecedented crowds a half century ago.

This writer talked at length with the General and discussed several current problems. He appears well informed and well versed in American history. He is steady and not impulsive. He will not be stampeded into making decisions nor into offering opinions on highly complex national and international problems merely to satisfy the curiosity of a press conference.

While in Paris, this correspondent has also sought out some men who have known Gen. Eisenhower for many years. Their judgment of him is that he is a good listener, likes to find people who are honest advisers, and then makes up his own mind on the basis of common sense and fundamental honesty. He is "generous in spirit," as one intimate friend put it, but "he is no weakling and no softie." Others say also that his main desire is to be fair, and that, if the word "deal" ever gets tied into his campaign, it will be in the phrase "square deal," because that's his basic attitude toward his fellow men.

AS PEGLER SEES IT

By WESTBROOK PEGLER

I have already exposed the falsity of a broadcast by James J. McElroy, secretary-treasurer of the New York Association of Catholic Trade Unionists, over WFUV-FM, of Fordham University, praising Philip Murray for "kicking the commies out of the CIO." I showed, through Murray's own writings, that Murray ardently defended Harry Bridges, the reddest of those commies, in a CIO-Communist tract which viciously abused patriotic Americans who had carefully gathered the proof that Bridges was in fact a Communist and had convicted him in court.

But, in 1948, when the CIO was riveting its yellow-dog collar on Harry S. Truman, Bridges, being a Communist, naturally chose to support bubblehead Wallace on the so-called progressive ticket which was the ticket of the traitorous, treasonous Communist organization. Not because Bridges was a Communist, but because he was opposing the CIO's candidate, Murray kicked him out of his appointive position as West coast regional director of the CIO and appointed Timothy F. Flynn, of Worcester, Mass., as his successor.

Perhaps Mr. McElroy did not know the history of Timothy Flynn when he made this broadcast to the trusting clientele of Fordham University's Station WFUV-FM. I call attention to the important fact that McElroy told the people who listened to him nothing about the criminal record of this strong-arm goon who qualified for a dominant but irresponsible civic and political power over a vast portion of our nation and many millions of our people by a career as a burglar and jailbird.

Timothy F. Flynn's FBI number is 84040. Records in the Department of Public Safety of the Commonwealth of Massachusetts, show that he began his career of crime with an arrest in March, 1918, when he was 15 years old. He became well known to the Worcester police, some of whom still remember him, personally, under a filthy nickname which does not appear in any of the records, however. The charge in this first arrest was breaking and entering and larceny. Flynn was placed on probation by order of the district court. For violation of probation, he would have been sent to the Lyman School for Boys for an indefinite term.

On September 15, 1919, in the Worcester district court, Flynn was sentenced to the Shirley School for an indefinite term, for attempting to break and enter with intent to steal. An appeal is noted in the files of the Department of Public Safety of the Commonwealth.

On Oct. 20, 1920, Flynn was arrested in Worcester on a charge of larceny. He was delivered to the police of Hudson, Mass., who had a warrant accusing him of stealing an automobile. On Nov. 29, 1920, in the Middlesex Superior Court, he was sentenced to 18 months in the House of Correction. On Feb. 8, 1921, Flynn was transferred to the Massachusetts Reformatory at Concord.

On Aug. 8, 1923, Flynn was arrested in Worcester charged with burglary. The Superior Court sentenced him to serve from 2½ to 3 years in Charlestown Prison. He was paroled on April 11, 1926.

On March 9, 1930, Flynn was

100 Men Attend Rosendale Holy Name Breakfast

More than 100 men attended the annual corporate Holy Communion Sunday of St. Peter's Holy Name Society at the church in Rosendale, and breakfasted in the school hall following the 8 a. m. Mass.

Speakers at the breakfast were Major Thomas J. Hanlon, superintendent of Napanoch State Institution for Male Defective Delinquents and the Rev. John J. Kelly, pastor of St. Peter's.

Major Hanlon spoke about the state prison system, the aim of which is to rehabilitate those serving time so that they may take their places in society upon release from jail and become law-abiding citizens.

The major congratulated the Holy Name men for "presenting such a fine public manifestation of their Christian faith and their patriotism."

Father Kelly reminded the men of their privileges and responsibilities as Catholics and as good Americans in defending God and country in their daily lives.

Walter Prehn of Rifton, president of St. Peter's Holy Name, was toastmaster.

Serving on the committee of arrangements for the breakfast were John J. Mooney, chairman; John Machino, Sr., Joseph Stein, John Auer, Gus O'Neill, Don Bogart, J. J. Duffy, Frank Connell, Joseph Bianco, John Bordenstein, Henry Yonetti, Eugene Duffy, H. W. Hoska, A. Millefiori, Kevin Reynolds and Carl Mehm.

Fists Fly at Democratic Convention

committee Monday and again by the state convention—in a rump convention across the street.

The Taft faction named an uninstructed delegation, but 35 were known to be for Taft and three for Eisenhower for president.

The Eisenhower convention instructed 33 for Eisenhower and five for Taft. They argued 45 minutes before deciding on the Eisenhower instruction.

They were in a fighting mood, anyway.

Malcolm McCorquodale, Houston attorney who was the Eisenhower convention chairman, declared he had the word their case would be taken to the Republican National Committee.

He said Sen. Henry Cabot Lodge of Massachusetts sent word he was "thoroughly disgusted with the Republican State Executive Committee in Texas" and was calling on the national committee "to turn this thing inside out."

Back in Taft convention hall, Henry Zweifel, national GOP committeeman from Texas and state Taft campaign director, charged that Lodge had an organization "of New Deal Democrats trying to cross party lines for the purpose of taking over a conservative Republican organization in Texas."

That was the basis of the reason the Taft-dominated state executive committee gave for throwing out Eisenhower delegations in 24 contested counties. They gave Eisenhower people two of the contested counties and split two.

Both Democratic factions at San Antonio claimed confidence in ultimate victory.

Appeal Is Heard

Albany, N. Y., May 28 (AP)—Gov. Dewey heard an appeal today for executive clemency for Joseph L. Paonessa, who also has asked the U. S. Supreme Court to save him from death in the electric chair for the "thought control" murder of 14-year-old Robert E. Leonard of Poughkeepsie. Paonessa's counsel, Stephen Bienieck, told Dewey his client had been known for years as "Crazy Joe" and that he had been dominated by another man who has been committed to Matteawan State Hospital for the Criminal Insane. District Attorney Raymond Baratta of Dutchess county opposed Paonessa's appeal for clemency.

The Minority Rules, Too!

Thousands of letters have come our way since we first invited our friends to tell us what they thought of A&P.

It is gratifying to report that the majority of them have been complimentary. And it did our hearts good to receive them. But since we make it our business to try to please all the people all the time, it's the minority group — those who have made suggestions or criticisms—that we're most concerned with.

We assure you, each and every one receives our attention, for we're doing our best to make everybody who shops at A&P happy.

This is one business where the majority *and the minority* rule. If you have any criticisms or suggestions on how we can better serve you, please tell your friendly A&P manager.

Houghtaling Case Goes to Trial in Supreme Court

An action brought by Martha Houghtaling, as guardian of Paul Houghtaling, against John E. Troy and Gerald P. Wenzel was taken up for trial in Supreme Court this morning. It will be the last jury case of the term. Jurors not serving on that jury were excused for the term by Justice Bookstein. Other jury cases on the day calendar were moved over to the October trial term day calendar.

Paul Houghtaling was severely injured when he was thrown from a truck owned by Troy and driven by Wenzel on the early morning of August 27, 1951, at Third avenue and Kingston street.

'Didn't See Turn'

Houghtaling and Wenzel had attended a picnic at the Polish hall on Delaware avenue and were en route out Third avenue when Wenzel claims he failed to see the end of Third avenue and the need for a turn. He testified he "did not see the turn" and drove his car over a bank and into a tree. Houghtaling was thrown from the running board of the car on which he had been riding. He suffered a concussion of the brain, fractured ribs on both sides, a ruptured spleen, fractured pelvis and arm injuries. Later he was operated on for removal of the spleen. He has not worked since. He was hospitalized six weeks and has contracted hospital and doctor's bills in the sum of some $1,400. He sued for loss of wages in the sum of $1,300.

The action is defended on the theory that Houghtaling, was riding on the running board of the truck instead of taking a position on the seat, contributed negligence to the act.

Wenzel was called as a witness by plaintiff following testimony of Officer DeGraff who testified to the position of the car after the accident and of a conversation with Wenzel in which he stated he had not seen the turn and ran over the bank and struck a tree.

Had Been at Picnic

Wenzel testified he and Houghtaling had been at the picnic until about 11:30 when they left, Wenzel saying he was going home. They drove down Delaware avenue to Murray street where the car halted and Houghtaling left the cab and spoke to friends on the sidewalk. Wenzel said he turned around and after calling to Houghtaling to join him again in the car, he started to pull away when Houghtaling, 19 years old, ran over and jumped on the left running board. They continued up Delaware avenue to Third avenue and out that street. The driver said he was not driving fast, about 30 to 35 miles an hour when he came to the end of the street and went over the bank. The accident happened shortly after mid-night, the police prowl car was notified at 12:09 of the accident.

On examination by plaintiff's counsel, N. LeVan Haver, Wenzel said he had not stopped after leaving Delaware avenue and Murray street to allow Houghtaling to get in the cab. They were just going for a ride before going home.

Judge A. J. Cook appears for the defendants.

Announced as settled was an action for personal injuries brought by Elva Joyce Fairbarn and another against Maselli Construction Corporation. E. P. Hirsch for plaintiff and Cook & Cook for defendant.

Also settled was a negligence action brought by William Ackerman against Edward Morehouse. N. LeVan Haver for plaintiff and Arthur E. Ames for defendant.

The only remaining cases are equity actions to be tried without a jury.

listening pleasure, and they have given top consideration to make the youngsters happy by arranging for pony rides to start at 7 p. m.

The pony rides are intended for small children accompanied by their parents, and the program is arranged to provide as much fun for the older children.

Mayor Oscar V. Newkirk, Alderman-at-Large Joseph Kelly, and Aldermen James K. Ryan, Benjamin A. Storms, Martin W. Colden and Edwin Radel, representatives of the wards in the area, will be among honored guests.

The party which will be staged on Broadway between Henry and Cedar streets will last from 7 p. m. until midnight. Local police have made special arrangements for handling traffic in the area.

The city arranged for erection of a special platform near the marquee of the Broadway Theatre, and the guests of honor and officers of the Central Business Men's Association will be seated there.

Mayor Newkirk, Alderman-at-Large Kelly and other officials will welcome the group and pay short, verbal tribute to the beginning of a new future for the city.

Many fine acts have been booked for the night and these include singing, dancing and instrumental numbers.

The merchants invite the whole city to turn out for the occasion, and it was announced today that those who have not obtained tickets to date, should come along with the others because tickets will be given out free from 6:30 p. m., until all are gone.

The merchants also want to remind all again that each person who attends has a chance of taking home an outstanding gift because 60 worthwhile items have been contributed for the occasion.

The block party area will be floodlighted with specially arranged lights that will afford full view of all events and entertainment, and the sound truck will amplify voices and music for the dancing and entertainment. No parking will be allowed on Broadway between Cedar and Henry streets.

The local radio station will make a tape recording of the party.

til the Communist invasion of Korea.

He said only a few weeks before the Korean outbreak, the people were told "peace was never nearer."

This apparently was a reference to a Truman news conference June 1, 1950, when the President was asked about a Gallup poll showing many Americans expected war by 1955.

Truman replied that he did not agree, that he was doing all he could to prevent war, and expressed the belief the world is closer that goal than at anytime in five years.

Turning to defense planning, Baruch said:

"If all-out war does come, much of our plant capacity might be destroyed in an atomic blitz. The dangers of sabotage in such a conflict would be much greater than during the last war."

East Germany Puts

aggression against Berlin as a threat to their own security.

Tears Up Agreement

The new visa formula tears up an agreement between the western powers and Russia which had allowed West Berlin and West German authorities to issue interzonal passes for transit travel through the Russian zone in either direction.

The move had the following significance:

1. Every truck driver, railroad employe or canal barge operator travelling through the area is at East Germany's mercy.

2. The 2,200,000 West Berliners can be virtually cut off from travel into or through the surrounding Soviet zone.

Yesterday the Red German regime cut all telephone service between Berlin and the Russian sector, and some long distance lines to the west.

County Clerk Staff Honors Dempsey

Former Mayor Edgar J. Dempsey, who has served as deputy county clerk in charge of the Motor Vehicle Bureau office on Main street for the past eight years, was tendered a testimonial dinner Tuesday evening at Leherb's by County Clerk Harry D. Sutton and the members of the staff of the office.

The dinner marked the retirement from office of Dempsey who will be succeeded by former Sheriff George C. Smith. Smith will be sworn in on Saturday morning and take over the duties from Dempsey.

At the dinner Tuesday evening 11 members of the office staff were present. At the conclusion of the dinner County Clerk Sutton presented Deputy County Clerk Dempsey with an Elks signet ring as a token of esteem from the office force.

Served With Distinction

In presenting the ring Sutton remarked about the long public career of Dempsey during which he served as mayor, city clerk and held other positions of trust. All of these positions he had filled with distinction. Associates at the county clerk's office all admired and respected him and regretted that it had become necessary for him to retire but all wished him years filled with happiness and contentment.

Deputy Clerk Dempsey replied briefly, thanking his fellow workers and expressing his pleasure to have worked with them during the past eight years.

The appointment of Deputy County Clerk Dempsey was made eight years ago to fill the vacancy created when H. Clinton Finger retired.

Penny Boost . . .

part the increases would run about a penny per item. On some larger cans or items and on more expensive quality foods the higher margins can mean ceiling rises of two cents or slightly more. Although overall margins will be higher, they said in some cases it may not mean an increase on an individual item.

The officials said the increases are being allowed on those items on which grocers figure they can get higher prices. They said margins have not been changed on items that are selling well below ceiling—only on those items near or at ceilings. Those are the items for which they figure the public will pay more, an official said.

OPS officials said the increases generally will come on those items which are in scarcer supply. They pointed to vegetables as being in this class. The order is due to hike ceilings on most or all canned vegetables.

OPS said the present increases for retailers represent an interim action. The agency now is making a detailed survey of earnings for the food industry. When this is completed about mid-June, a study will be made to see whether margins then allowed are sufficient to comply with the law.

Shirley Makes Progress

Washington, May 28 (AP)—Shirley Temple, onetime child star of the movies, is making progress toward complete health but the time of her discharge from Naval Medical Center is still not decided, the hospital said today. Miss Temple, 24, and now the wife of Lt. Cmdr. Charles A. Black, had a baby boy by Caesarian operation one month ago. Pleurisy and other complications developed, prolonging her stay in the hospital. She has a daughter, Linda, by an earlier marriage to John Agar, Jr.

Poling Will Give

of the Marble Collegiate Church in 1929, he embarked almost immediately on new projects involving the 4,000,000 members of the International Society of Christian Endeavor.

Starting with young people's conferences in Glasgow, Paris and Berlin, he visited 50 countries and was in Singapore when the Baptist Temple called.

Chaplain Son Lost

His chaplain son, Clark Poling, was lost in a North Atlantic torpedoeing in 1943 by a German submarine. Clark Poling was aboard the transport Dorchester at the time of the torpedoeing.

Dr. Poling himself served overseas as a YMCA secretary and representative of the War Camp Community Service in World War 1 and was severely gassed in France. After the war, he was commissioned a major in the Army Chaplains' Reserve .

Probably Dr. Poling reached his largest audience through the Christian Herald, which under his editorship, beginning in 1927, became the most widely circulated Protestant journal in the world.

CEs to Parade Friday

Appropriately enough, the 59th annual convention of the Empire State Christian Endeavor Union will hold its sessions in Kingston during the Memorial Day weekend.

Many Christian Endeavor units will participate in the parade and will later participate in the memorial service at the auditorium.

James M. Krom, secretary of the KVA, today announced the following plan and program for the memorial services:

Immediately after the disbanding of the parade at Delaware avenue, the massing of colors will be made under the supervision of Sgt. Charles C. Awkerman, of the Marine Corps League, and units will then march to the auditorium for the service.

Program for Service

The service follows:

Invocation, the Rev. Forrest K. Prindle, Reformed Church of the Comforter.

Advance of colors.

Pledge of Allegiance.

National Anthem, led by band.

Retire colors.

Address, Mayor Oscar V. Newkirk.

Selection by Trumpeteers.

Introduction of the speaker by the Rev. Franklin P. Hinkamp of Poughkeepsie, classmate of the late Chaplain Clark Poling.

Address, Dr. Daniel A. Poling.

Singing, America.

Benediction, the Rev. Arthur E. Oudemool, First Reformed Dutch Church.

Taps, James Sass.

The complete program at the auditorium will be broadcast by WKNY.

People who live in the north of Egypt are likely to have darker skins than those living in the southern portion of the country.

Murphy Is Improved

James M. Murphy, local funeral director, who was admitted to the Benedictine Hospital Monday night was reported as improved there today. His illness was said not to be serious.

Houghtaling Case Goes to Trial in Supreme Court

An action brought by Martha Houghtaling, as guardian of Paul Houghtaling, against John E. Troy and Gerald P. Wenzel was taken up for trial in Supreme Court this morning. It will be the last jury case of the term. Jurors not serving on that jury were excused for the term by Justice Bookstein. Other jury cases on the day calendar were moved over to the October trial term day calendar.

Paul Houghtaling was severely injured when he was thrown from a truck owned by Troy and driven by Wenzel on the early morning of August 27, 1951, at Third avenue and Kingston street.

'Didn't See Turn'

Houghtaling and Wenzel had attended a picnic at the Polish hall on Delaware avenue and were en route out Third avenue when Wenzel claims he failed to see the end of Third avenue and the need for a turn. He testified he "did not see the turn" and drove his car over a bank and into a tree. Houghtaling was thrown from the running board of the car on which he had been riding. He suffered a concussion of the brain, fractured ribs on both sides, a ruptured spleen, fractured pelvis and arm injuries. Later he was operated on for removal of the spleen. He has not worked since. He was hospitalized six weeks and has contracted hospital and doctor's bills in the sum of some $1,400. He sued for loss of wages in the sum of $1,300.

The action is defended on the theory that Houghtaling, was riding on the running board of the truck instead of taking a position on the seat, contributed negligence to the act.

Wenzel was called as a witness by plaintiff following testimony of Officer DeGraff who testified to the position of the car after the accident and of a conversation with Wenzel in which he stated he had not seen the turn and ran over the bank and struck a tree.

Had Been at Picnic

Wenzel testified he and Houghtaling had been at the picnic until about 11:30 when they left, Wenzel saying he was going home. They drove down Delaware avenue to Murray street where the car halted and Houghtaling left the cab and spoke to friends on the sidewalk. Wenzel said he turned around and after calling to Houghtaling to join him again in the car, he started to pull away when Houghtaling, 19 years old, ran over and jumped on the left running board. They continued up Delaware avenue to Third avenue and out that street. The driver said he was not driving fast, about 30 to 35 miles an hour when he came to the end of the street and went over the bank. The accident happened shortly after mid-night, the police prowl car was notified at 12:09 of the accident.

On examination by plaintiff's counsel, N. LeVan Haver, Wenzel said he had not stopped after leaving Delaware avenue and Murray street to allow Houghtaling to get in the cab. They were just going for a ride before going home.

Judge A. J. Cook appears for the defendants.

Announced as settled was an action for personal injuries brought by Elva Joyce Fairbarn and another against Maselli Construction Corporation. E. P. Hirsch for plaintiff and Cook & Cook for defendant.

Also settled was a negligence action brought by William Ackerman against Edward Morehouse. N. LeVan Haver for plaintiff and Arthur E. Ames for defendant.

The only remaining cases are equity actions to be tried without a jury.

listening pleasure, and they have given top consideration to make the youngsters happy by arranging for pony rides to start at 7 p. m.

The pony rides are intended for small children accompanied by their parents, and the program is arranged to provide as much fun for the older children.

Mayor Oscar V. Newkirk, Alderman-at-Large Joseph Kelly, and Aldermen James K. Ryan, Benjamin A. Storms, Martin W. Colden and Edwin Radel, representatives of the wards in the area, will be among honored guests.

The party which will be staged on Broadway between Henry and Cedar streets will last from 7 p. m. until midnight. Local police have made special arrangements for handling traffic in the area.

The city arranged for erection of a special platform near the marquee of the Broadway Theatre, and the guests of honor and officers of the Central Business Men's Association will be seated there.

Mayor Newkirk, Alderman-at-Large Kelly and other officials will welcome the group and pay short, verbal tribute to the beginning of a new future for the city.

Many fine acts have been booked for the night and these include singing, dancing and instrumental numbers.

The merchants invite the whole city to turn out for the occasion, and it was announced today that those who have not obtained tickets to date, should come along with the others because tickets will be given out free from 6:30 p. m., until all are gone.

The merchants also want to remind all again that each person who attends has a chance of taking home an outstanding gift because 60 worthwhile items have been contributed for the occasion.

The block party area will be floodlighted with specially arranged lights that will afford full view of all events and entertainment, and the sound truck will amplify voices and music for the dancing and entertainment. No parking will be allowed on Broadway between Cedar and Henry streets.

The local radio station will make a tape recording of the party.

til the Communist invasion of Korea.

He said only a few weeks before the Korean outbreak, the people were told "peace was never nearer."

This apparently was a reference to a Truman news conference June 1, 1950, when the President was asked about a Gallup poll showing many Americans expected war by 1955.

Truman replied that he did not agree, that he was doing all he could to prevent war, and expressed the belief the world is closer that goal than at anytime in five years.

Turning to defense planning, Baruch said:

"If all-out war does come, much of our plant capacity might be destroyed in an atomic blitz. The dangers of sabotage in such a conflict would be much greater than during the last war."

East Germany Puts

aggression against Berlin as a threat to their own security.

Tears Up Agreement

The new visa formula tears up an agreement between the western powers and Russia which had allowed West Berlin and West German authorities to issue interzonal passes for transit travel through the Russian zone in either direction.

The move had the following significance:

1. Every truck driver, railroad employe or canal barge operator travelling through the area is at East Germany's mercy.

2. The 2,200,000 West Berliners can be virtually cut off from travel into or through the surrounding Soviet zone.

Yesterday the Red German regime cut all telephone service between Berlin and the Russian sector, and some long distance lines to the west.

County Clerk Staff Honors Dempsey

Former Mayor Edgar J. Dempsey, who has served as deputy county clerk in charge of the Motor Vehicle Bureau office on Main street for the past eight years, was tendered a testimonial dinner Tuesday evening at Leherb's by County Clerk Harry D. Sutton and the members of the staff of the office.

The dinner marked the retirement from office of Dempsey who will be succeeded by former Sheriff George C. Smith. Smith will be sworn in on Saturday morning and take over the duties from Dempsey.

At the dinner Tuesday evening 11 members of the office staff were present. At the conclusion of the dinner County Clerk Sutton presented Deputy County Clerk Dempsey with an Elks signet ring as a token of esteem from the office force.

Served With Distinction

In presenting the ring Sutton remarked about the long public career of Dempsey during which he served as mayor, city clerk and held other positions of trust. All of these positions he had filled with distinction. Associates at the county clerk's office all admired and respected him and regretted that it had become necessary for him to retire but all wished him years filled with happiness and contentment.

Deputy Clerk Dempsey replied briefly, thanking his fellow workers and expressing his pleasure to have worked with them during the past eight years.

The appointment of Deputy County Clerk Dempsey was made eight years ago to fill the vacancy created when H. Clinton Finger retired.

part the increases would run about a penny per item. On some larger cans or items and on more expensive quality foods the higher margins can mean ceiling rises of two cents or slightly more. Although overall margins will be higher, they said in some cases it may not mean an increase on an individual item.

The officials said the increases are being allowed on those items on which grocers figure they can get higher prices. They said margins have not been changed on items that are selling well below ceiling—only on those items near or at ceilings. Those are the items for which they figure the public will pay more, an official said.

OPS officials said the increases generally will come on those items which are in scarcer supply. They pointed to vegetables as being in this class. The order is due to hike ceilings on most or all canned vegetables.

OPS said the present increases for retailers represent an interim action. The agency now is making a detailed survey of earnings for the food industry. When this is completed about mid-June, a study will be made to see whether margins then allowed are sufficient to comply with the law.

Shirley Makes Progress

Washington, May 28 (AP)—Shirley Temple, onetime child star of the movies, is making progress toward complete health but the time of her discharge from Naval Medical Center is still not decided, the hospital said today. Miss Temple, 24, and now the wife of Lt. Cmdr. Charles A. Black, had a baby boy by Caesarian operation one month ago. Pleurisy and other complications developed, prolonging her stay in the hospital. She has a daughter, Linda, by an earlier marriage to John Agar, Jr.

of the Marble Collegiate Church in 1929, he embarked almost immediately on new projects involving the 4,000,000 members of the International Society of Christian Endeavor.

Starting with young people's conferences in Glasgow, Paris and Berlin, he visited 50 countries and was in Singapore when the Baptist Temple called.

Chaplain Son Lost

His chaplain son, Clark Poling, was lost in a North Atlantic torpedoeing in 1943 by a German submarine. Clark Poling was aboard the transport Dorchester at the time of the torpedoeing.

Dr. Poling himself served overseas as a YMCA secretary and representative of the War Camp Community Service in World War 1 and was severely gassed in France. After the war, he was commissioned a major in the Army Chaplains' Reserve.

Probably Dr. Poling reached his largest audience through the Christian Herald, which under his editorship, beginning in 1927, became the most widely circulated Protestant journal in the world.

CEs to Parade Friday

Appropriately enough, the 59th annual convention of the Empire State Christian Endeavor Union will hold its sessions in Kingston during the Memorial Day weekend.

Many Christian Endeavor units will participate in the parade and will later participate in the memorial service at the auditorium.

James M. Krom, secretary of the KVA, today announced the following plan and program for the memorial services:

Immediately after the disbanding of the parade at Delaware avenue, the massing of colors will be made under the supervision of Sgt. Charles C. Awkerman, of the Marine Corps League, and units will then march to the auditorium for the service.

Program for Service

The service follows:

Invocation, the Rev. Forrest K. Prindle, Reformed Church of the Comforter.

Advance of colors.

Pledge of Allegiance.

National Anthem, led by band.

Retire colors.

Address, Mayor Oscar V. Newkirk.

Selection by Trumpeteers.

Introduction of the speaker by the Rev. Franklin P. Hinkamp of Poughkeepsie, classmate of the late Chaplain Clark Poling.

Address, Dr. Daniel A. Poling.

Singing, America.

Benediction, the Rev. Arthur E. Oudemool, First Reformed Dutch Church.

Taps, James Sass.

The complete program at the auditorium will be broadcast by WKNY.

Murphy Is Improved

James M. Murphy, local funeral director, who was admitted to the Benedictine Hospital Monday night was reported as improved there today. His illness was said not to be serious.

Tulyar Wins Derby

Epsom Downs, England, May 28 (AP)—The Aga Khan's Tulyar came up with a terrific rush through the stretch to win the 173rd and richest running of the English Derby today. Gay Time, another English bred colt, was second and Faubourg II one of eight French invaders, was third. Thirty-three colts started in this race which is the basis of an international sweepstakes. Tulyar was a 100 to 8 choice in the prerace betting. It was the fifth victory in this premier British three-year-old classic for the wealthy Moslem, tying the winning record set by Lord Egremont between 1782 and 1826.

Divorce Is Sought

London, May 28 (AP)—A petition for divorce from Lord Bertrand Russell, famed philosopher and Nobel prize winner in literature, was filed here today by his third wife, Contess Russell. Lord Russell observed his 80th birthday on May 18. Russell's third wife, Patricia Helen Spence, for a long time was his assistant in literary work. They were married in 1936 and a son, Sebastian Robert, was born in 1937. Russell's two earlier marriages ended in divorce. Countess Russell's action is undefended, and gave no grounds.

drunk, but the charge was dismissed. On March 25, 1931, he was again charged with being drunk and the case was "filed," a term which means approximately "not guilty but don't do it again." On Nov. 18, 1933, Flynn was charged with bootlegging and fined $50. He appealed and on Jan. 25, 1934, a jury acquitted him.

The criminal union insurrections were beginning to trouble the country in 1934 when Flynn had his last known adventure with the police in vulgar routine criminal matters. He was pinched on April 26, 1934, charged with larceny by means of the punch-board racket. The owners of two taverns in a small Massachusetts town charged that a stranger had sold each restaurant a punch-board with odds in favor of the proprietor. One complainant said two men came to his place and punched out $40 in winning numbers which he had to pay. The other said two men showed up at his place about two weeks after he bought his punch-board and punched out $25 which he paid. The "investigation record" of the state police says both victims "identified Flynn as one of the two men who came to their store and played the punch-board."

The punch-board racket as known to many state police goes thus: Strangers sell the boards to wayside tavern keepers for 50 cents each and tell the buyers where the big winning numbers are. The suggestion is that the tavern keepers will protect themselves by punching out these numbers. But later, casual strangers buy a few gallons of gas or a sandwich, idly punch out numbers calling for big cash prizes, collect their money and disappear. The big winners are duplicated and the sellers know where the hidden duplicates are. The file in the record of the state police says: "Warrant dismissed on Jan. 28, 1936. Complainant did not wish to prosecute. Case closed."

Dorothy Flynn sued Timothy F. Flynn for a divorce in Dec. 1938 charging non-support and cruelty. It was a very dirty case. Mrs. Flynn got the decree with custody of their daughter, except from Friday evening to Sunday evening. Flynn was now muscling into the union racket as an organizer or goon for Murray's steel workers. He took part in disorders in small mill towns where the police protection was nominal.

He moved into Pennsylvania, then the scene of wold criminal insurrections, largely directed by Communists, by which the workers of Bethlehem Steel were dragooned into Murray's Union in 1936. In this insurrection, John L. Lewis intimated that 40,000 coal miners would touch off a massacre unless resistance to the anarchy of his goons were dropped. Murray was a flunkey to Lewis. In 1940, Flynn went to Birmingham, Ala., for the steel riots. In 1941 he appeared in Washington as "legislative agent." In 1942, '43 and '44 he was director of the CIO in Texas. In 1945 he was "co-ordinator" of the CIO in the northeastern states.

An official fingerprint of Timothy F. Flynn, regional director of the CIO for the west coast, has been checked by experts of the highest qualifications. They report that it is identical with the corresponding print of Timothy F. Flynn, FBI No. 84040.

Tulyar Wins Derby

Epsom Downs, England, May 28 (AP)—The Aga Khan's Tulyar came up with a terrific rush through the stretch to win the 173rd and richest running of the English Derby today. Gay Time, another English bred colt, was second and Faubourg II one of eight French invaders, was third. Thirty-three colts started in this race which is the basis of an international sweepstakes. Tulyar was a 100 to 8 choice in the prerace betting. It was the fifth victory in this premier British three-year-old classic for the wealthy Moslem, tying the winning record set by Lord Egremont between 1782 and 1826.

Preacher Fasts for Revival

Cherryville, Mo., May 28 (AP)—An Ozark preacher—claiming he hasn't eaten in 37 days—vowed today to fast until death unless his prayers are answered for a religious revival to save the world from sin and communism. The Rev. J. J. Ivie, 55-year-old minister of the Assembly of God Church, is weakening physically but was reported by friends still able to walk. The stocky minister has kept to his room since he began his fast, rejecting efforts by authorities of his church to persuade him to end it.

Ellenville Walk Case Is Settled

An action for injuries suffered in a fall on any icy walk in Ellenville was taken up for trial and after it had been partially completed a settlement was reached and the jury dismissed. Frieda Ross and another brought an action in negligence against Rothkopf Associates, Inc. Berger & Streifer appeared for plaintiff and Cashin & Ewig for defendants.

Following settlement of the action a jury was taken in No. 411, Martha Houghtaling, etc., against John E. Troy and another, a negligence action and it was announced the case would be ready for trial today. N. LeVan Haver appears for plaintiff and Cook & Cook for defendants.

Divorce Is Sought

London, May 28 (AP)—A petition for divorce from Lord Bertrand Russell, famed philosopher and Nobel prize winner in literature, was filed here today by his third wife, Contess Russell. Lord Russell observed his 80th birthday on May 18. Russell's third wife, Patricia Helen Spence, for a long time was his assistant in literary work. They were married in 1936 and a son, Sebastian Robert, was born in 1937. Russell's two earlier marriages ended in divorce. Countess Russell's action is undefended, and gave no grounds.

X-rays Effective

Because x-rays destroy rapidly growing tissue more effectively than other tissue and because cancer is characterized by rapid growth, x-rays sometimes can be used to control cancer.

As Pegler Sees It

drunk, but the charge was dismissed. On March 25, 1931, he was again charged with being drunk and the case was "filed," a term which means approximately "not guilty but don't do it again." On Nov. 18, 1933, Flynn was charged with bootlegging and fined $50. He appealed and on Jan. 25, 1934, a jury acquitted him.

The criminal union insurrections were beginning to trouble the country in 1934 when Flynn had his last known adventure with the police in vulgar routine criminal matters. He was pinched on April 26, 1934, charged with larceny by means of the punch-board racket. The owners of two taverns in a small Massachusetts town charged that a stranger had sold each restaurant a punch-board with odds in favor of the proprietor. One complainant said two men came to his place and punched out $40 in winning numbers which he had to pay. The other said two men showed up at his place about two weeks after he bought his punch-board and punched out $25 which he paid. The "investigation record" of the state police says both victims "identified Flynn as one of the two men who came to their store and played the punch-board."

The punch-board racket as known to many state police goes thus: Strangers sell the boards to wayside tavern keepers for 50 cents each and tell the buyers where the big winning numbers are. The suggestion is that the tavern keepers will protect themselves by punching out these numbers. But later, casual strangers buy a few gallons of gas or a sandwich, idly punch out numbers calling for big cash prizes, collect their money and disappear. The big winners are duplicated and the sellers know where the hidden duplicates are. The file in the record of the state police says: "Warrant dismissed on Jan. 28, 1936. Complainant did not wish to prosecute. Case closed."

Dorothy Flynn sued Timothy F. Flynn for a divorce in Dec. 1938 charging non-support and cruelty. It was a very dirty case. Mrs. Flynn got the decree with custody of their daughter, except from Friday evening to Sunday evening. Flynn was now muscling into the union racket as an organizer or goon for Murray's steel workers. He took part in disorders in small mill towns where the police protection was nominal.

He moved into Pennsylvania, then the scene of wold criminal insurrections, largely directed by Communists, by which the workers of Bethlehem Steel were dragooned into Murray's Union in 1936. In this insurrection, John L. Lewis intimated that 40,000 coal miners would touch off a massacre unless resistance to the anarchy of his goons were dropped. Murray was a flunkey to Lewis. In 1940, Flynn went to Birmingham, Ala., for the steel riots. In 1941 he appeared in Washington as "legislative agent." In 1942, '43 and '44 he was director of the CIO in Texas. In 1945 he was "co-ordinator" of the CIO in the northeastern states.

An official fingerprint of Timothy F. Flynn, regional director of the CIO for the west coast, has been checked by experts of the highest qualifications. They report that it is identical with the corresponding print of Timothy F. Flynn, FBI No. 84040.

DOING THEIR ROADWORK — Housewives living in a realty development at Northbrook, Ill., tire of petitioning the realty company to improve a 400-foot section of their road, and form a domestic construction gang, aided by their more-or-less willing children. The realty agent can expect to do some sprinting next time he visits the neighborhood.

Omit Roosevelt

New York, May 28 (AP)—Liberal Party leaders have omitted Rep. Franklin D. Roosevelt, Jr.—at least temporarily — from their slate of congressional candidates in dissatisfaction with his political record. Roosevelt was elected to Congress as the nominee of both the Democratic and Liberal Parties. The Liberal leadership was understood to be disappointed with Roosevelt on three points: 1. His support in Congress of a United States loan to Spain. 2. His absences from Congress, as on last Monday when a Social Security measure came up for action. 3. His support last year of Joseph T. Sharkey, Democratic nominee for City Council president. The Liberals supported Rudolph Halley, former Senate Crime Committee chief counsel, who was elected. The Liberal move appeared intended to influence Roosevelt to "get in line" with the party's policies if he wants the Liberals to swing back to him before the August primary.

Financial and Commercial

New York, May 28 (AP)—Railroad issues gained fractions to as much as three points today as the stock market held to a steady course.

Activity was a little better than yesterday but was still at a slow pace.

The rails far outshone the rest of the market. But their performance loaned strength to other groups and kept the general trend one of steadiness.

Atlantic Coast Line, which advanced 5⅞ yesterday, continued its gaining tendencies today. It backed away a bit from its best price of the day around the midway mark but still was up around a point at times.

Behind the Atlantic Coast Line performance was talk along Wall street that a stock split might be in the offing and the more direct encouragement of a pleasing earnings statement.

Seaboard Air Lines was ahead around three points at one time and Santa Fe, New York Central, Southern Railway and Union Pacific were up fractions.

There were several optimistic forecasts for the railroads, including one by Gustav Metzman, New York Central president, at his stockholders meetings in Albany, N. Y.

The quiet of the market was no great surprise. It was a traditional reaction to a holiday shortened week. And in addition to the Memorial Day closing on Friday, the usual Saturday summer closings began this week.

Omit Roosevelt

New York, May 28 (AP)—Liberal Party leaders have omitted Rep. Franklin D. Roosevelt, Jr.—at least temporarily — from their slate of congressional candidates in dissatisfaction with his political record. Roosevelt was elected to Congress as the nominee of both the Democratic and Liberal Parties. The Liberal leadership was understood to be disappointed with Roosevelt on three points: 1. His support in Congress of a United States loan to Spain. 2. His absences from Congress, as on last Monday when a Social Security measure came up for action. 3. His support last year of Joseph T. Sharkey, Democratic nominee for City Council president. The Liberals supported Rudolph Halley, former Senate Crime Committee chief counsel, who was elected. The Liberal move appeared intended to influence Roosevelt to "get in line" with the party's policies if he wants the Liberals to swing back to him before the August primary.

Financial and Commercial

New York, May 28 (AP)—Railroad issues gained fractions to as much as three points today as the stock market held to a steady course.

Activity was a little better than yesterday but was still at a slow pace.

The rails far outshone the rest of the market. But their performance loaned strength to other groups and kept the general trend one of steadiness.

Atlantic Coast Line, which advanced 5⅞ yesterday, continued its gaining tendencies today. It backed away a bit from its best price of the day around the midway mark but still was up around a point at times.

Behind the Atlantic Coast Line performance was talk along Wall street that a stock split might be in the offing and the more direct encouragement of a pleasing earnings statement.

Seaboard Air Lines was ahead around three points at one time and Santa Fe, New York Central, Southern Railway and Union Pacific were up fractions.

There were several optimistic forecasts for the railroads, including one by Gustav Metzman, New York Central president, at his stockholders meetings in Albany, N. Y.

The quiet of the market was no great surprise. It was a traditional reaction to a holiday shortened week. And in addition to the Memorial Day closing on Friday, the usual Saturday summer closings began this week.

Play Trump Trick To Win This Hand

By OSWALD JACOBY
Written for NEA Service

"Please settle a dispute," requests a St. Louis correspondent. "The question concerns the proper defensive play in the accompanying hand.

"West opened the queen of diamonds, and South dropped the ten. West continued with the nine of diamonds, East won with the king, and South dropped the jack. East next laid down the ace of spades and continued with a small spade.

"The rest was easy for South. He won with the king of spades, ran three rounds of clubs to get rid of his diamonds, and finally drew all of the trumps with the help of a successful finesse.

"West said that East should not have led the ace of spades at the third trick. West thought that East should have led his low spade in order to give South a guess. If South made the mistake of playing low he would lose two spade tricks.

"Who is right?"

I am sorry to say that both players are wrong.

East cannot defeat the contract by leading a low spade at the third trick. On the basis of the bidding South should guess the location of the ace of spades. East therefore cannot hope to defeat the contract by getting two spade tricks.

There is, however, a very simple way to defeat the contract. East should merely play to get a trump trick.

After winning the second diamond trick, East cashes the ace of spades. He then leads the ace of diamonds, forcing dummy to ruff. This play leaves only one trump in dummy so that only one trump finesse can be taken through East.

If East merely sits tight he will eventually take the setting trick with the king of hearts.

Tead Publicizes Theobald Letter

New York, May 28 (AP) — Dr. Ordway Tead, chairman of the board of higher education, made public yesterday a letter to him from President John J. Theobald of Queens College explaining why the president decided to transfer Dr. Harold Lenz from de... of students to a teaching position in the German department.

The only reason for the transfer of Lenz, Theobald said, was the dean did not have a "sufficient measure" of the "personal and professional characteristics required" to head an enlarged student personnel service program.

Theobald said he might have "minimized" the public clamor if he had not informed Lenz of his intention to transfer him until a faculty committee had completed plans for the enlarged program.

He said he thought this would be "unfair" because, with department elections coming up, Lenz would now be eligible for a departmental post in the German department.

His Recommendation

"I plan to present my recommendation that Dr. Lenz return to his teaching in September to the board at its next meeting and to offer, in as much detail as the board wishes, my program for the expansion of our student personnel program," Theobald declared.

Tead, wro requested the letter from the college president, replied, "I am completely satisfied that what you are doing is determined by disinterested motives having to do solely with the welfare of the college." Tead explained in his statement he was making Theobald's letter and his reply public to "clarify this situation." He said he hoped the letter would show that academic freedom was not at stake in the decision to transfer Lenz.

"I join with you in affirming that such is not the case and that larger considerations and a long time appraisal of the total welfare of Queens College are the basic determinants of your action in this matter," Teadway said.

'Policy Is Consideration'

Theobald wrote that the "basic considerations" in his decision were "educational policy and not pressure from the right, middle or the left."

Theobald said that when he came to Queens College in 1949, after 19 years at City College, he found a need for a program, known as the "City College Plan," to integrate student activities, physical and mental health, counseling and guidance and vocational advisement and placement.

In deciding that Lenz would not fit as head of such a program the college president said he was exercizing his rights to select that person who he believes can best represent him.

He said the enlarged student program must be put into effect gradually, as money becomes available, but the first problem "will be to select the right person to assume the leadership role and to place existing functions under his jurisdiction."

Weekly Food Review

(By The Associated Press)

Picnic and "outdoor" foods took the spotlight in most stores this week to attract shoppers preparing for the Memorial Day holiday and what is usually one of the biggest picnic weekends of the year.

Smoked, canned and picnic hams, small turkeys, frying chickens, frankfurters, hamburger and cold meats were specially priced in many meat departments. However, the reductions were generally small and irregular—fryers, for example, were off as much as 4 cents a pound in some markets, up as much as 6 cents in others.

Other popular cuts of meat, like beef roasts, pork chops and legs of lamb, advanced a few cents a pound in scattered areas.

Fresh corn, lemons, limes, watermelons and cherries also were being stressed this week, with prices trimmed a little in most places as shipments increased.

Continue in Bargain Class

Grapefruit and oranges continued in the food bargain class. Strawberries were about unchanged but their quality was improving. The first Texas plums of the season, and the first California cantaloupes, reached distant big-city markets this week, but were relatively high-priced.

Asparagus, cabbage, cucumbers, lettuce, spinach and onions averaged a trifle lower. Tomatoes were about steady, and sweet potatoes, radishes and celery were higher.

For most of the nation, the potato supply was even tighter, if anything, than last week. The Agriculture Department noted that California's potato harvest was picking up and that the shortage on the Pacific coast had been relieved somewhat. At least one big store chain in the Los Angeles area put potatoes on its "good buy" list.

Same Old Story

Elsewhere, however, it was the same old story of almost potato empty bins, widespread complaints of black marketing, disrupted marketing patterns. More restaurants were dropping potatoes from their menus and substituting noodles, macaroni, beans, rice, hominy. In New York, the president of the Society of Restaurateurs, Paul Henkel, proposed that eating places institute two potato-less days a week to help fight the black market.

Federal market reporters said that "skulduggery in potatoes lately has made it tough to estimate how soon the situation will ease," but that late June and July should see the return of the spud to most produce counters. Their hopes, they said, are pinned on increasing supplies from California, the Carolinas, Virginia and elsewhere.

Early summer vegetables, oranges, broilers and fryers, eggs and dairy products topped the Agriculture Department's list of most-plentiful foods for thrifty buying during the month of June. Dairy products will be at or near peak abundance for the season.

Other foods on the national list of June plentifuls: Canned and frozen orange juice, grapefruit juice and segments, lettuce, canned peas, dry beans (pea beans, baby limas and pintos), turkeys, fish, salad oils and table and cooking fats.

Do You Remember

By SOPHIE MILLER

About 25 years ago I spent one or two winters living in Flatbush, Brooklyn. Even in that short time I sort of got attached to the place. On Sunday mornings when the weather was nice we would go down to the Boardwalk and let the wild ocean breezes blow on us until we worked up a mammoth appetite for dinner. Then we ate too much and could not do anything the rest of the day. Now I see that Kingston has something in common with famous Flatbush, Brooklyn. Flatbush is celebrating its 300th Anniversary this week with pageants, music festivals, addresses, luncheons etc.

According to the "New York Herald Tribune" of Sunday dear old Flatbush also was founded as a Dutch settlement in 1652, and it grew and grew since then until it houses some one million people. They set aside Tuesday, May 27 as the official anniversary celebration day to make the date when our same Peter Stuyvesant, the Dutch Governor of Nieuw Amsterman, issued a grant to establish Midwout, as Flatbush was then called.

The Erasmus Hall High School students are dressing up in Dutch costumes with the old Erasmus Hall Academy, now a historical museum serving as a backdrop for their ceremonies. Throughout the week visitors are being conducted on tours of the Academy and the Flatbush Dutch Reformed Church and its historic graveyard at Flatbush and Church avenues.

Flatbush storekeepers have decorated their windows with Dutch colors, windmills and tulips. Restaurants serve special dinners and luncheons. There will be a luncheon at the Rivoli Restaurant, Flatbush avenue and Cortelyou Road where not only Mrs. Roosevelt will be present but also representative of the Netherlands Consulate and Borough Historian, Jamie Kelley, who will give an illustrated lecture on "Old Flatbush."

This may further interest Kingstonians who are working on the local celebration. Last month Queen Juliana of the Netherlands visited the Flatbush Dutch Reformed Church in Brooklyn, and thus unofficially opened their tercentennial celebration. The Chamber of Commerce of Flatbush said unofficially that they feel Flatbush is known to more people throughout the world than any other community. They also said "that if Flatbush were a separate city, it would be the fifth largest in the nation." I understand Flatbush folks drink water that comes from our Reservoir up here.

They also mention that during the week's intensive celebration every piece of mail delivered in or sent out of Brooklyn will be stamped "300 Anniversary of Founding Flatbush, 1652-1952," through the arrangement with Postmaster Edward Quigley. So let's all write to our Flatbush friends and relatives, congratulating them on their celebration and telling them about ours.

FOLLOW RULES OF CHILEAN GAME

By OSWALD JACOBY
Written for NEA Service

In my previous column I discussed the basic rules of Chilean Canasta—the game that is played with four packs of cards, and in which you are allowed to meld a canasta of wild cards.

In this column I intend to take up some of the points on which the rules vary from one locality in South America to another (to say nothing of the variations right here in this country).

Some players allow you to change a meld of wild cards into a mixed canasta of some other kind. For example, suppose you have a meld of three deuces on the table. You add four kings to the deuces, thus turning it into a mixed canasta of kings.

When this rule is followed, you are permitted to add four kings to three wild cards; or three kings to four wild cards; or two kings to five wild cards. If you have six wild cards all by themselves in a meld, you cannot add natural cards to them; they must stay as a meld of wild cards, waiting for you to add the seventh wild card.

In other localities, this procedure is not allowed. If you meld wild cards, you may add only wild cards to them. Either way of playing it is all right, but you would tend to alter your tactics depending on which rule happened to be followed in your game. Just make sure on this point, and on all other variations, that the players in your game know which rule is being adopted for that game.

If the player at your right throws a deuce, in some games you can take the pack with a pair of deuces. (You would need two jokers if the discard happened to be a joker instead of a deuce.) Other people follow the old-fashioned procedure, in which a deuce freezes the pack and cannot be picked up by the next player.

In some games your red threes count against you until your side has melded a canasta; and some people count red threes minus until the side has melded **two** canastas. However, there are many players who follow the normal Canasta rule in which a red three counts plus as soon as your side has made any legal meld at all.

There is a similar difference about counting melds. In some games, all of your melds are counted minus until you have melded a canasta; and some players count all melds minus until **two** canastas have been melded. There are many players, however, who follow the normal Canasta rule of counting all melds plus, regardless of canastas.

Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

To Be Sentenced

Canton, N. Y., May 28 (AP)—Herbert S. Myers, former Ogdensburg police chief, and Charles J. (Brockly) Livingston, slot machine distributor, will be sentenced Saturday for conspiracy to obstruct justice. A Supreme Court jury returned a verdict of guilty against Myers and Livingston last night after deliberating more than eight hours in the first trial stemming from the state-ordered probe of St. Lawrence county gambling. The maximum sentence for conspiracy is one year in prison and $500 fine. Justice Earle C. Bastow continued bail of $2,000 for Myers and $1,000 for Livingston.

Sues to Get Estate

Los Angeles, May 28 (AP)—Mrs. Anna N. Wood, 47, a New York teacher, has sued to obtain nearly all the $1,240,201 estate of her husband, Jacob Wood, who was a brother of the late Maj. Gen. Leonard Wood, world war hero, and political figure in the 1920s. Jacob Wood, a wealthy wool merchant, oil man and real estate developer died June 18, 1951, at the age of 86, leaving a will that disinherited Mrs. Wood, his third wife. In her suit filed in Superior Court yesterday Mrs. Wood stated she gave up her chances to marry a younger man and establish a home with children to become the wife of Wood in 1939. She asserted that less than six weeks after they were married she was induced to sign an agreement waiving all rights to inheritance from her husband's estate. Mrs. Wood added that she signed the agreement without fully understanding it and while she had complete trust in her husband.

BACK FROM THE JUNK PILE—This is one day's supply of reclaimed tires at the Tokyo Ordnance Depot. They came mostly from Pacific battlefields for reclamation under an Army Ordnance program called "Operation Roll Up." The operation has eliminated millions of dollars in war waste in rebuilding nearly 60,000 World War II vehicles at three installations in Japan. Combat-worn vehicles from Korea are overhauled daily.

Central President Says Labor Must Give Cooperation

Albany, N. Y., May 28 (AP)—President Gustav Metzman of the New York Central Railroad said today "labor's own self-interest demands that its leaders co-operate with progressive innovations in railroad operation."

He made the comment in remarks prepared for the annual meeting of stockholders of the railroad here today. More than 250 owners of Central shares arranged to make the trip from New York city on a special train.

Discussing the recent settlement of a long dispute with three operating unions, Metzman said, "we would seem justified in looking forward to a period of new harmony on the railroad labor scene."

Asks Realistic Slant

Appealing for a "more realistic attitude" by rail labor leaders toward technological change, he added:

"It is only by the untrammeled application of these advances that the railroads can continue to provide secure employment at good wages—just as their widest possible adoption offers the only solid hope for a reasonable return to railroad investors and for constantly improving service to the public."

Barring further serious labor trouble and given an upturn in traffic volume, Metzman said, New York Central's earnings should show an improvement over the rest of this year.

'Hopeful' Factors

Contributing to what he termed "a hopeful outlook" are higher freight rates made effective this month, increased efficiency resulting from dieselization of motive power and acquisitions of new freight cars, modernization of freight yards, and increases in commutation fares in the Boston and New York city areas.

Metzman asserted a continuing problem for all railroads is the time lag between rising costs and rate adjustments, and said "a remedy must be found for the inflexibilities seemingly inherent in the present rules of rate-making."

Says Millions Lost

He said that while recent freight rate increases will add an estimated 24 million dollars to New York Central revenues this year, some 18 million dollars in revenue were lost in the more than six months elapsing between the application for the increases and their approval.

Stockholders were asked to approve the merger of seven of the Central's wholly-owned subsidiaries with the parent company. The companies are the West Shore Railroad Co., New Jersey Junction Railroad Co., New York and Fort Lee Railroad Co., Wallkill Valley Railroad Co., Toledo and Ohio Central Railway Co., Lake Erie, Alliance and Wheling Railroad Co. and Federal Valley Railroad Co.

The Central's 15 directors were up for re-election at today's meeting.

Speaker Declares Boy Scouts Could Influence History

The Boy Scout movement through its character building program has an opportunity to influence the course of history, Paul T. Vanness, personnel director of the IBM Corporation in Poughkeepsie, told adult leaders attending the annual meeting of Rip Van Winkle Boy Scout Council at the Fair Street Reformed Church on Tuesday night.

More than 150 leaders, their wives and guests attended the meeting, during which a new slate of council officers, headed by Raymond Quackenbush of Saugerties as president, was elected and annual reports were received.

Matthews Gets Pin

George B. Matthews of Kingston, retiring council president, was presented with a past president's pin, the first to be awarded in the history of the local council. Reports cited as a tribute to Matthews' leadership showed that during the past year the council, which included Ulster and Greene counties, led the entire region in percentage gain of members, with a gain of 37 per cent in boys enrolled and a gain of 115 per cent in Cub Scouts enrolled.

Vanness, the principal speaker, brought congratulations from the Greater Poughkeepsie District of the Dutchess County Council of Boy Scouts of which he is chairman.

Outlining the nationwide three-year effort of Scouting under the slogan, Forward on Liberty's Team, Vanness told those present that Scouting is "in a favorable position to tip the scales in favor of liberty."

As one example of the interest in civic affairs now being taken by Boy Scouts, he reported that two million Scouts will participate this year in a non-partisan effort to bring out the vote at the next election.

Stresses Character

Vanness stressed the character building phase of Scouting, urging the leaders not to confuse reputation with character. Reputation, he said, is "what people think we are," whereas character is "what we really are and know ourselves to be."

To illustrate what is meant by character, the speaker took each letter of the word and formed another word—or in some cases two words—listing a definite qualification.

For the letter "C" he chose citizenship; for H, honesty and health; A, ambition; R, religion; A, accuracy; C, cooperation and courage; T, truth; E, enthusiasm, and R, resourcefulness and responsibility. He concluded that it will be necessary, in slang terms, for all boys to "be on the ball," in the times ahead.

In his annual report, George V. Dennis, scout executive, noted that while the council leads the region in membership gain at present, there are requests for seven new units and tentative locations for 22 more units.

Sees Successful Year

"Everything being equal, it looks like a good year is in store for us," Dennis said. "Our annual campaign is getting off to an early and good start. I am sure we will raise our goal of $23,000 this year," he said.

Chairman of the 1952-53 finance campaign is Maynard Mizel, who displayed to those present a trophy which has been contributed by "a friend of Scouting." The trophy will be retained for one year by the district which wins it as a result of the finance campaign. The first district to win it three times will retain it permanently, Mizel said. He indicated that August 18 will be the closing date of the campaign.

In accepting the presidency of the council, Quackenbush gave recognition to the "excellent program of the council under the leadership of President Matthews," and predicted that with continued teamwork the local council will "in every respect" become one of the outstanding councils in its region.

Other Council Officers

Other council officers elected with Quackenbush were William Sherrill Keyser, James West and Herbert Bell, vice-presidents; Val W. Morrow, council commissioner; Walter L. Foster, treasurer; Harold Van Voorhis and Val W. Morrow, National Council representatives. The slate was unanimously elected after being recommended by the nominating committee headed by Walter T. Tremper.

Elected members of the council executive board were William W. Brady, Jr., A. J. Burns, G. Wallace Codwise, Charles E. Davis, G. Herbert DeKay, Clarence Dumm, Edward Flanagan, Harry Halverson, Thomas J. Hanlon, William Leehive, John H. Martin, George B. Matthews, Lewis Short, Harold Van Voorhis, George Sheldon and Walter T. Tremper.

Executive board members-at-large elected were Elwood Hitchcock, Arthur Hutton, George Osborne, Rabbi H. Z. Rappaport, Harry Rigby, Jr., B. C. Van Ingen and Edward West.

District chairmen whose previous elections in their districts were approved by the membership Tuesday night were Sam Trull for the Kingston district; Frank E. Ray, Rondout; Gerald Overbagh, Saugerties; the Rev. Francis Potter, Northern; Conrad Johnson, Mountain; Clifford Carnright, Western, and U. P. Decker, Southern.

Names New Committees

Committees appointed by the newly elected president included the following chairmen: John Henry Martin, organization and extension; William W. Brady, Jr., advancement; Harold Van Voorhis, leadership training; Walter T. Tremper, camping; George Sheldon, health and safety, and Lewis Short, finance.

Toastmaster for Tuesday night's meeting was John Henry Martin, principal of Kingston High School. Invocation and benediction was by the Rev. David C. Gaise, pastor of the Lutheran Church of the Redeemer. The song leader was Ralph Shapiro, scoutmaster of Troop 12.

Winner of the award for attendance at the annual council meeting was the Mountain District, with a total of 1,700 man-miles to its credit. The award is made annually by computing the number of persons in attendance multiplied by the number of miles round-trip from the district to the place of the meeting.

Introduced at the meeting was Francis W. Teel, the council's new field executive, of whom Dennis, council executive, said, "In the comparatively short time Frank has been with us he is working out wonderfully well and has shown good results . . . We two stand here before you tonight as a team pledged to do all in our power to make better Scouting available to more boys in our council area." He stressed, however, that Scouting is a volunteers' organization and "in the volunteer is the strength and scope of Scouting."

Incidental information reported at the meeting included:

A total of 162 boy-weeks have already been reserved for the summer season at Camp Tri-Mount, and the camp staff is hired.

The council gained a total of 426 Cub Scouts, Boy Scouts and Explorers during the year, adding seven new Packs, seven new Troops and one Post, while dropping one Pack, two Troops and two Posts.

Although the 1951 fund drive fell short of its goal, the council has no operating deficit.

Jones Is Held On Larceny Count

Detective Clarence Brophy today announced the arrest recently of William Jones, 26, of 55 Chambers street, on a charge of second degree grand larceny.

Arraigned before City Judge Raymond J. Mino, he waived examination and was held for the grand jury.

The detective said Jones is charged with having sold 627 pounds of new lead valued at 23 cents a pound, and 160 pounds of brass to the Affran Junk yard in Poughkeepsie. The metals were taken from E. Bahl, of Catherine street, this city, the detective said.

Jones claims he did not take the metal from its local owner, Brophy said, but he is held on the charge because he allegedly sold it in Poughkeepsie. An investigation is still in progress.

Jones' police record shows the arrest for house breaking at Columbia, S. C., in 1942, Brophy said.

Lightning has struck the Empire State Building in New York city as many as 12 times in 20 minutes without doing damage.

Australia is the smallest of the six inhabited continents, with Europe next in size.

Officials Study Sheep

Helena, Mont. (AP)—A one-year study of the habits of bighorn mountain sheep is being conducted by the Montana Fish and Game Department and the University of Montana. The study is being conducted on Wildhorse Island, in the middle of northwestern Montana's Flathead Lake. A survey last summer determined 30 adult bighorns and 11 lambs were living on the island.

Attorneys General—New and Old

New Attorney General James P. McGranery of Philadelphia (left), shares a laugh with former Attorney General J. Howard McGrath as they get together at the Justice Department in Washington, May 27, after McGranery was sworn into office. McGrath was fired by President Truman after McGrath discharged Newbold Morris as corruption-hunting assistant.

Attorneys General—New and Old

New Attorney General James P. McGranery of Philadelphia (left), shares a laugh with former Attorney General J. Howard McGrath as they get together at the Justice Department in Washington, May 27, after McGranery was sworn into office. McGrath was fired by President Truman after McGrath discharged Newbold Morris as corruption-hunting assistant.

Male Sex Parties Used in Spy Work By Czech Envoy

Washington, May 28 (AP)—Senate investigators made public today a sensational story of all-male sex parties run by a Communist envoy to the United States for the purpose of extracting information from effeminate American guests.

The diplomat was named as Teo H. Florin, former first secretary of the Czechoslovakian embassy here, in testimony given to the Senate's internal security subcommittee by Joseph Molnar, a young Czech writer who said he observed the carryings-on for the FBI.

Molnar and two other witnesses testified that subversive activities in this country are directed by Iron Curtain country representatives operating under diplomatic immunity.

Chairman McCarran (D.-Nev.) of the internal security group called this a "shocking and alarming" situation and demanded in a statement that the State and Justice Departments invoke the McCarran anti-subversive act to rid the nation of "these treacherous aliens."

Molnar and the other witnesses —Czech-born Pavlina Svoboda, former employe of the Czech Embassy, and Matthew Cvetic of Pittsburgh, long-time undercover agent for the FBI in Communist organizations—gave their testimony at various times since early last July but it was kept secret until today.

Molnar said he was a guest of Florin—who later was ordered to leave the United States—at the Czech diplomat's apartment on 20th street, Washington, during several parties.

Men Embrace, Kiss

"Sometimes," the witness went on, "he had invited several men whose conduct convinced me of their homosexuality.

"At none of these parties were there any female guests present. The men embraced each other, kissed each other, and helped each other take off their coats.

Meanwhile liquor flowed freely, Molnar said, and his diplomat host would turn the conversation to politics "when the men became sufficiently intoxicated."

Then, instead of going to sleep, the envoy would write a detailed report "which he delivered the first thing in the morning to the proper authorities at the embassy," Molnar added.

Miss Svoboda confirmed Molnar's story that the information was gathered for her boss, Ervin Munk, who in 1949 was in charge of the Czech consulate in New York.

The Czech consulates in New York, Pittsburgh and Cleveland were closed by U. S. order in May, 1950, as a result of restrictions placed on American officials in Czechoslovakia. This left only the embassy in operation.

Held on Charge

Miss Editha M. Kowar (above), 23-year-old Austrian fiancee of Dr. Sigmund Milke, Davenport, Ia., is being held at Malone, N. Y., for federal grand jury action on a charge of illegally crossing the border from Canada. Dr. Milke, 40, also faces grand jury action on a charge of attempting to effect the illegal entry of an inadmissable alien. She arrived in Canada from Austria May 12. (AP Wirephoto).

Wounded in Riot

Capt. Jack McGuire (above), veteran New York State prison guard was wounded April 10 in a prison camp riot on Koje Island. He told newsmen in Japan May 27 that he had been ordered into the prisoner-of-war camp on Koje against his better judgment by his commanding officer. Above picture shows McGuire as a guard at Attica, N. Y., prison where he served about five years before he was recalled to active duty with the Army in 1951. (AP Wirephoto).

Price Stabilizer Got Shock of Life

Washington, May 28 (AP)—Price Stabilizer Ellis Arnall found he didn't know much about the price of milk when his wife sent him shopping.

"When I handed the man a dime, I found out the price was about 28 cents," he told the House Banking Committee during a hearing on price controls yesterday. He said he got the shock of his life.

Arnall also confided to the congressmen that his wife "complains all the time about prices." He quoted her as saying that she thought he was going to Washington to do something about prices, but that "since you've been there they've gone up week after week."

Poor Letter Work Led to Peacock Entering Service

Woodstock, May 28—Cpl. Alexander Peacock, formerly of the first Royal Scots Regiment, who will celebrate his 90th birthday, July 23, will march for the 20th year in the Woodstock Memorial Day parade, Friday. A resident of this area since 1895, Peacock had previously seen 12 years of service in the British Army in Egypt, Africa, India and the West Indies.

His memories of the history-making campaigns in which he participated, during the expansive era of Queen Victoria, are vivid, spiced with humor and warm with understanding of his fellow soldiers. Born in Dunfermline, Fifeshire, Scotland, his speech retains the soft burr of his native land.

"I'll never forget the day I enlisted in Edinburgh, the 18th of October, 1879. I was only 17 and working for a sign painter and decorator in a place called Queens Ferry. It was cold and my fingers were chilled as I lettered the names on two street signs. When I finished I discovered the letters weren't spaced right, and I was afraid my boss would be critical of my work. When I returned to his shop he sent me to Edinburgh eight miles away to get a package of wallpaper."

Hailed by Officers

During the interim of waiting for the package to be prepared, Peacock wandered up the Kings Mile to Edinburgh Castle and into the range of a group of magnificently uniformed recruiting officers of the British Army. He had gone in that direction simply with the intent of visiting his sister, but was hailed by the officers standing in front of a saloon which bore a sign: "Men wanted for the British Army." Virtually seized by the eager crew, Peacock signed up, partially to avoid the consequences of his poor lettering job about which he had been brooding.

"Those officers even helped me send off the bundle of wallpaper to my boss, and paid for my ferry ride so that I could go home to Fifeshire to bid my family goodbye."

Given a fine send-off by the village, with old ladies stuffing his pockets with sweets, he did not see his family for nine years.

Off to the Egyptian campaign and the Boer War, he was raised to the rank of lance corporal while in Malta. Taken ill he was hospitalized and met two hardened old campaigners who were released from the hospital with him on the same night. The new young officer, aged 17, was put in charge of distributing rations to the various guard houses, and his assistants were the "two old vagabonds I'd met in the hospital."

"Just as we finished our rounds it started to rain and we didn't want to get our beautiful red coats wet and spotted." The only shelter in sight was a small wine shop where his two companions bought a gallon of wine for a shilling. When young Peacock refused a drink of wine, his wily friends told him to try a "zamboo," a supposedly harmless beverage. After two "zamboos" he didn't remember what happened. The trio was reported absent from duty, but an MP friend found the young corporal and took him back to his barracks. The next day he was called down by his commanding officer for "leading the two old soldiers off their feet!"

Loses Stripe

Much to his relief his stripe was removed, as British army protocol is rigid and he preferred the friendship of the men to the officer's prestige.

From Malta he went to the West Indies where yellow fever was rampant, aboard an Indian troop ship, the Orentes. On the way, during a stop-over at Gibraltar, he met his older brother, an artillery man, whom he hadn't seen in years.

Peacock contracted a mild case of the "enteric" fever but remembers that he was "luckier than most of the men." Capt. Gosling, the commanding officer of his company, of whom he speaks with reverence, ordered that he be kept in his office rather than be sent to the hospital which was overcrowded with desperately sick men.

"He sent me toast and champagne—the only time I ever had it in my life, and in three days I was fully recovered."

Back to duty in the steaming undercurrents of Barbados, Peacock's regiment became involved in the violent rivalries with the native West Indian regiment of Negroes. A picket from each regiment patrolled the street from the camp to the village. One night a drunken soldier from the native regiment "kicked up an awful row and was picked up by our picket, who refused to turn the prisoner over to his own regimental picket. A fight started and members of both regiments straggling home joined in. Before long everyone was in it."

Cheered by Natives

"It was an awful night, men were wounded, and nobody went to bed." The next morning, as a disciplinary measure, the native regiment was paraded through the British barracks, but within three days a troop ship arrived to take the British back to England.

"Mind you," chuckled Peacock, "as we marched down the street to our ship, the native regimental band played us the full way and right on board, and as we passed the native barracks they cheered!"

Sent to Africa to guard the Bechuanaland expedition which was opening the trade route to the Orange Free State in 1884, his regiment landed at Capetown after 62 days at sea. From the ship the bedraggled regiment walked five miles to their encampment where the Innes Skillen Dragoons, an Irish regiment had pitched tents for them and prepared a reception.

A 'Lucky Headache'

"After two months at sea," Peacock recollected, "the liquor and food was too much and our regiment went clean, raving mad. The whole regiment got drunk."

"I was in my tent with a sick headache, after the sea trip and the long march. Capt. Gosling came in and asked me what was the matter. When I told him he said: 'For heaven's sake stay where you are. You're lucky you've got a headache, the regiment's gone mad'!"

The next morning the stern Col. "Bucky" White, commanding the regiment, marched the sick, worn-out men through the town with full packs on. Within a few weeks, however, the hardy outfit had recovered, been "deloused" and was back in fighting shape.

"On Christmas Eve we moved up to the Orange river terminus by train. Then we marched for 18 miles through sand and heat, tired and thirsty, but the bag pipers playing kept up our spirits. Finally we arrived at Taungs, in Bechuanaland below the Caffer village. We had to treat the Caffers, British subjects with great respect. On Sunday we visited the chief."

In offering the hospitality of his country to the regiment all the chief could say was "tobbac" as he presented gifts of tobacco. But when the chief and his guards returned the visit, clad in full but tattered regalia, Peacock said "you never saw such a sight in your life!" The chief was enormously entertained and entranced by the bagpipers and requested them to play again and again.

Liked by All

Upon the regiment's recall from Capetown in 1885, Queen Victoria reviewed the troops, and upon presenting Peacock with his prized medals, she asked him how long he had been in the army. When he told her nine years she exclaimed: "But you are just a boy!" On many occasions she singled him out for conversations.

"She was wild for her kilted regiments," said Peacock, who has since abandoned his kilts for the plaid trowsers of his uniform for Memorial Day parades, as being "less conspicuous."

As his reminiscences unfold, it is increasingly apparent that his Scots' wit and kindly tolerance of his fellow men, his love of not only army life, but life in general, opened the way to friendships with a Queen, colonels, captains and his brother soldiers.

Forgiveness Is Theme At Evangelism Meeting

"There is a lot of difference between human forgiveness and divine forgiveness. With the former, it may remove ill feeling and hate but human forgiveness never removes the fact and the guilt of sin from the heart," Evangelist L. C. Robie said Tuesday night to an overflow crowd at the Full Gospel Church, 87 Pine street.

Last night, Robie said today "there were sights which will long remain in the memories of the folk. Three deaf people went home rejoicing that they could hear. Another, who was totally blind in one eye, was made to see. All this in simple answer to prayer in Jesus' name," the evangelist said.

Beginning next Sunday, June 1, the evangelism meetings will be transferred to the YMCA auditorium to accomodate the large crowds. Next week's meetings at the Y will start Tuesday at 7:30 p. m.

Other features last night were singing by Mrs. Muriel Phelps, opening of the meeting by the Rev. R. R. Vinson, pastor and tape recording machine selections by Evangelist Robie.

Tonight's subject will be the Hand of the Lord.

Cranberry Stains

If cranberries stain table linen during holiday meals, try removing the stain as soon as possible with boiling water. Do not use soap at first because the alkalies in the soap may set the stain.

Delicious Leftovers

Leftover creamed onions are delicious mixed with other leftover vegetables such as carrots, peas, corn, or snap beans. Serve with strips of crisp bacon for a luncheon dish.

Misunderstanding

May 24, 1952

Editor, The Freeman:

In reply to the letter published May 22, written by C. Raymond Wells, DDS, I wish to clarify a misunderstanding. If, by my statement I gave the impression that Dr. Wells was opposed to fluoridation, that was not my intention.

Dr. Wells' statement of "caution" was, "It (sodium fluoride) should not be added to water or water supplies except on the advice of medical or dental authorities." By his statement he commits himself and his profession in assuring the public that each individual will be protected from harmful reactions when sodium fluoride is administered upon their advice.

When a physician or dentist accepts a patient, that patient becomes his responsibility and he is liable for any adverse effects due to his negligence. Liability must be accepted as a responsibility now by the advocates of this plan. If that is the case, then we, the public, should demand a written guarantee that the endorsers of this plan will be liable for all toxic reactions that ensue.

I have yet to find one "authority" who will take the responsibility for the future effects of this plan. Many men in the medical and dental profession have stated that the fluoridation results are inconclusive and there is a growing evidence of dangerous toxic effects. Is it any wonder that the authorities refuse to take the responsibility?

Since Dr. Wells is so enthusiastically in favor of the process of flouridation perhaps he would like to assume this responsibility . . .

To quote from an article in the Reader's Digest, July, 1950, Dr. Charles Freeman, dean of Northwestern Dental School, states, "Tooth decay can be reduced 50 to 60 per cent by brushing or rinsing teeth after eating."

It is quite obvious that this is a far safer, though perhaps a less "expensive" means of reducing dental decay, leaving the responsibility in the hands of the public where it belongs.

Sincerely,
WARREN J. SUSSIN

You may have to look twice to see it—but a lot of the new Buicks have a soft blue-green tone in *all glass areas*—plus a slightly darker band which shades down from the top of the windshield.

And you have no idea what comfort all this adds to hot-weather driving.

Its name is "Easy-Eye Glass"†—which tells only half the story. While it filters out 18% of the glare (and tones down the dazzle of oncoming headlights at night) *—it also cuts down sun-heat as much as 50%.*

So it's the best cure we know for hot laps in summer driving, when the sun beats down on the windshield.

Maybe you'd like to try this out before you buy your next car.

And while you're trying it out—you can also discover how it feels to boss around a Fireball 8 Engine, that puts its own exclusive added wallop into a high-compression valve-in-head power plant.

You can sample the sure-footed way a Buick settles into a curve—the way the front wheels seem to seek their course automatically—the smooth surge and falterless ease with which Dynaflow Drive* feeds the power—the level confidence of Buick's million dollar ride.

And while you're trying it out—you can also discover how it feels to boss around a Fireball 8 Engine, that puts its own exclusive added wallop into a high-compression valve-in-head power plant.

You can sample the sure-footed way a Buick settles into a curve—the way the front wheels seem to seek their course automatically—the smooth surge and falterless ease with which Dynaflow Drive* feeds the power—the level confidence of Buick's million dollar ride.

You can get an idea also of the room, the comfort, the smartness, the thrill that your dollars buy in this brilliant performer.

So why not arrange for a demonstration soon?

Charles Rex Wins C-H Lamp Contest

Charles Rex, a student at Kingston High School, has been named the grand prize winner in Central Hudson Gas & Electric Corporation's district-wide lamp building contest. Rex's hand carved, walnut lamp was selected as the best of over 1,700 entries by lighting experts from Sylvania Electric Products, Inc., Westinghouse Electric Corp., and General Electric.

The 35 lamps that placed first on a local basis in the high schools throughout the Central Hudson territory were assembled in the company's Poughkeepsie office for the final judging yesterday. Rex's lamp won the grand prize on the basis of conformity to specifications, apparent lighting efficiency, general proportions, practicability, originality, craftsmanship and over-all appearance.

Woodworking and industrial arts students from 35 high schools in a 2,500 square mile area competed in the contest. Central Hudson distributed indirect three-way lamp kits to the students for use in the company-sponsored contest.

Anthony DeMarco of Coxsackie-Athens Central School placed second in the final judging, and Alan Klas of Beacon High School placed third.

Rosendale Reports Successful Palsy Aid

The entertainment and auction held Saturday night in the Rosendale Grange hall for the benefit of the Cerebral Palsy drive has been reported as a fine success by the committee in charge, but additional funds are still needed to meet the quota.

The event was given for the fund raising campaign in lieu of the usual house to house canvassing. Mrs. Ernest Grafe and Mrs. J. Charles Markle of Bloomington are co-chairmen of the drive in the town of Rosendale. They have requested those who were unable to attend The Frolics to send a contribution to the chairmen or to any one of the committee members, Mrs. A. Mulligan, Mrs. F. Fiedler and Mrs. V. Steeley of Rosendale, and Mrs. Chris Rappolt, Tillson.

A great number of gifts and services were donated by merchants and friends. Dick McCarthy and Ernie Ward were masters of ceremonies, and highlighted the evening's entertainment with an amusing skit.

Other volunteer entertainers included Rosemarie VanBuren and Joanne Whipple, dance team; Shirley Albright, baton twirler; Norma Boyle, vocalist; Helmut Salewski, accordionist; Dorothy Narel, vocalist; The Acrobelles, Bernice Amata, Joanne Lamaro and Patty O'Reilly, dance team; Tony Amato, vocalist, and Ross K. Osterhoudt, recitations. The show was directed by Hollis E. Harvey, Tillson.

The local branch of the American Association of University Women will select a Kingston High School girl, in the graduating class, this week for the scholarship which is awarded annually by the group. The amount of the scholarship will be dependent upon the proceeds from the Henry L. Scott concert being presented on Wednesday, June 4, in the high school auditorium.

Often credited by music critics as being "the world's most versatile concert pianist," Mr. Scott will be making his first appearance in this city. He started playing at the age of four, spent his boyhood in Tivoli-on-the-Hudson, where he and his family now live.

His spectacular technique allows him to achieve the seemingly impossible in color, warmth, contrasts and virtuosity. He is noted for his unusual styling and amusing antics.

Mr. Scott takes the same serious attitude toward his interpretation of American popular music as he does in the presentation of the classics.

He believes that this blending of the arts of drama, humor and music on the stage will in the long run do the most to make America music conscious. He originated the idea of concert humor which is based on the premise that humor has a place in the concert hall just as much as in opera, literature, and the plastic arts. The results of his pioneering work are already showing themselves in the concert field.

As one university president expressed it, "Henry L. Scott's concert is the greatest single contribution to the advancement of music and art humor in America today."

Tickets for the Henry L. Scott one-man concert-for-fun are on sale at O'Reilly's, uptown on John street or mid-town at their Broadway store, or from any member of the local branch of the AAUW. Mail orders will be filled by ticket chairman, Mrs. Vincent Connelly, 142 Pearl street, this city.

DAR Holds Annual Memorial Service

The Wiltwyck chapter, Daughters of the American Revolution held its annual Memorial Service in the First Dutch Church Sunday morning, following the church service.

Honoring the dead of all wars, the beautiful ritual was participated in by the entire congregation. Mrs. Adam H. Porter, regent, led the pledge of allegiance.

The flag bearers were Mrs. Robert Torrens, Jr. and Miss Winifred J. Kimball, who carried the American and DAR flags; and Miss Ann Schwalbach, who carried the new flag of the Christopher Tappen Society, CAR. The trumpeters were Robert Luedtke and James Sass. Members of the CAR carrying wreaths were Gail Elias, Ann Millonig and Pamela Roosa.

Mr. and Mrs. Max Georgi, guests at the Home for the Aged, are celebrating their 60th wedding anniversary at the home today.

The couple will be honored by fellow guests and old friends who will call on them today.

Mr. and Mrs. Georgi were born in Germany and came to America at the age of 16. Mr. Georgi arrived in this country in 1885 and Mrs. Georgi in 1887 and located in New York city and Brooklyn where he was engaged in the restaurant business. They were married in Brooklyn and lived there until 1921 when they moved to Willow. In 1943, they became guests at the Home for the Aged where they are held in the highest regard.

The board members of the Home have joined with the guests and friends in extending their best wishes for continued happiness to the happy couple.

WCTU Appoints Committee at Meeting

At a meeting of the Women's Christian Temperance Union on Wednesday, May 21, at the home of Mrs. David C. Weidner, 320 Main street, the nominating committee was appointed by Mrs. George H. Shultis.

The meditation thought was Building for Total Abstinence Through Motherhood around the world. Mrs. Minnie Dunnagan was the devotional leader.

The nominating committee includes the Mmes. C. V. Gunther, E. R. Ackerly and Henry Bartsch. Election of officers will take place at the June meeting to be held at the home of Mrs. Benjamin Charchian, Port Ewen.

Announcement was made of the annual Institute of Ulster County WCTU, to be held in Friends Church, Clintondale, on Tuesday, June 3. Several local members are delegated to attend.

News items on the program were given by Mrs. William Whiston, quoting Drew Middleton who says "Orders have been issued prohibiting drinking by officers and men of the Russian armies in Germany. The order applies whether the men are on or off duty. At the same time it seems that all divisions of the East Germany Russian Forces are being brought to full strength."

Reporting from Signs of the Times, a Canadian publication, Mrs. Steketee told of Prince Edward Island, Canada's most blessed province. The reason for its great prosperity since 1900, she said, is simply because the Islanders, numbering 90,000, adopted prohibition of the beverage alcohol traffic. They believe in it, practice it and let it work out its own consequences. They have estimated that there are 10,000 motor cars on the island, where the roads are winding and dangerous; yet in some years there are as low as but two motor car accidents.

Rosendale Reports Successful Palsy Aid

The entertainment and auction held Saturday night in the Rosendale Grange hall for the benefit of the Cerebral Palsy drive has been reported as a fine success by the committee in charge, but additional funds are still needed to meet the quota.

The event was given for the fund raising campaign in lieu of the usual house to house canvassing. Mrs. Ernest Grafe and Mrs. J. Charles Markle of Bloomington are co-chairmen of the drive in the town of Rosendale. They have requested those who were unable to attend The Frolics to send a contribution to the chairmen or to any one of the committee members, Mrs. A. Mulligan, Mrs. F. Fiedler and Mrs. V. Steeley of Rosendale, and Mrs. Chris Rappolt, Tillson.

A great number of gifts and services were donated by merchants and friends. Dick McCarthy and Ernie Ward were masters of ceremonies, and highlighted the evening's entertainment with an amusing skit.

Other volunteer entertainers included Rosemarie VanBuren and Joanne Whipple, dance team; Shirley Albright, baton twirler; Norma Boyle, vocalist; Helmut Salewski, accordionist; Dorothy Narel, vocalist; The Acrobelles, Bernice Amata, Joanne Lamaro and Patty O'Reilly, dance team; Tony Amato, vocalist, and Ross K. Osterhoudt, recitations. The show was directed by Hollis E. Harvey, Tillson.

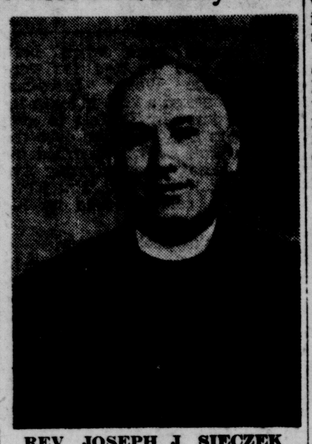
Will Celebrate His 25th Anniversary as Priest on Sunday



REV. JOSEPH J. SIECZEK

The parishioners of Immaculate Conception Church, Delaware avenue, will honor their pastor, the Rev. Joseph J. Sieczek at religious and social functions Sunday, commemorating his 25th anniversary of ordination to the Catholic priesthood.

At 10:30 a. m. the jubilarian will offer a solemn silver jubilee Mass in the church to be attended by members of the congregation and their friends. An evening celebration in White Eagle Hall, adjoining the church, will climax the day's program.

Pastor Since 1945

Father Sieczek, a native of Florida, N. Y., has been pastor of Immaculate Conception Church since April 1945.

After ordination on June 11, 1927 by the late Patrick Cardinal Hayes, in St. Patrick's Cathedral, New York, his first assignment was assistant pastor of St. Stanislaus Church, 101 East Seventh street, New York.

In January 1938, Father Sieczek was transferred to the newly-organized parish of St. Hedwig, 62 East 106th street, as administrator. From that assignment he was promoted to pastor of Immaculate Conception Church here by Francis Cardinal Spellman.

After completion of elementary education in his native Florida, Father Sieczek received his preliminary high school training at the Don Bosco Institute in Ramsey, N. J., then finished high school, college and seminary at St. Mary's in Orchard Lake, Mich.

His testimonial banquet will include a program by the parochial school children under the direction of the Felician Sisters.

Good Taste Today

by Emily Post

(Author of 'Etiquette,' 'Children Are People,' etc.)

COLORED WRITING PAPER

The writer of the following letter would like my opinion regarding use of colored stationery for personal letters. She asks: "Is it proper to use the pastel shades, such as pink, blue, lavender, etc., that are now on the market, and also the more vivid shades of French pink and heliotrope? I know that years ago colored stationery was considered in bad taste, but since it seems to be so prominently displayed today, perhaps this idea has changed. I should also like to know if it is proper to use these shades when writing to a man."

Grey and greyish blue have always been conservative and in best possible taste—even for a man. Deep pink and heliotrope are in questionable taste. Very pale lavender and very pale pink are both admitted today—especially for a young girl, and quite all right to use when writing to a man.

Steak Knives

Dear Mrs. Post: I have a set of steak knives with ivory handles. When serving steak, is it correct to use these knives alone in the place setting, or should the dinner knives be included? Also, may these knives be used for anything other than steak?

Answer: The steak knives take the place of the dinner knives and no alternate knife is ever offered. They could be used for any kind of meat — above all broiled chicken.

Birthday Gift for "Boss"

Dear Mrs. Post: I am private secretary to the vice-president of our firm. He has shown me many personal kindnesses in the five years that I have been with him. His birthday is next month and I would like to know if it would be proper to remember him with a small gift.

Answer: Certainly, if you would like to. I would suggest a small item for his desk. Surely you know what he would find useful.

Bridesmaid's Dress

Dear Mrs. Post: I am going to be the only attendant in a wedding. Would it be correct for me to wear a ballerina-length dress when the bride is wearing a dress with a train?

Answer: Yes, certainly so.

* * *

In starting a set of flat silver, what are the essential pieces? Mrs. Post is sorry she cannot answer personal mail, but her leaflet E-31, "Perfect Table Silver," includes the answer to the above question. Terwilliger Away At Heating Parley

S. O. Terwilliger, co-owner of Terwilliger Brothers, Kingston, is in Wichita, Kan., for a three-day gas heating conference at the factories of The Coleman Company, Inc.

Terwilliger is one of 40 representatives of distributors of heating fuels invited by the Coleman Company to participate in the conference. Coleman is one of the largest manufacturers of gas-fired home heating equipment.

In addition to touring the company's manufacturing facilities, visitors were taken on a conducted tour of Wichita and its several aircraft factories.

Increase Is Approved

New York, May 28 (AP)—The City Council has approved an increase in taxi fares, raising the initial fare from 20 cents for the first quarter mile to 25 cents for the first fifth mile. Instead of five cents for each additional quarter mile, the bill would allow five cents for each additional fifth mile. As the council voted yesterday, Republican Stanley M. Isaac and Democrat Hugh Quinn both said they thought the taxicab industry should be investigated. It "stinks to high heaven," said Quinn. The bill must be approved by the board of estimate.

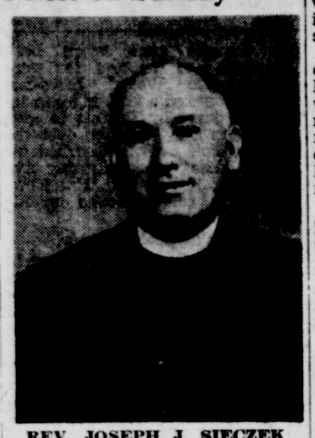
Will Celebrate His 25th Anniversary as Priest on Sunday



REV. JOSEPH J. SIECZEK

The parishioners of Immaculate Conception Church, Delaware avenue, will honor their pastor, the Rev. Joseph J. Sieczek at religious and social functions Sunday, commemorating his 25th anniversary of ordination to the Catholic priesthood.

At 10:30 a. m. the jubilarian will offer a solemn silver jubilee Mass in the church to be attended by members of the congregation and their friends. An evening celebration in White Eagle Hall, adjoining the church, will climax the day's program.

Pastor Since 1945

Father Sieczek, a native of Florida, N. Y., has been pastor of Immaculate Conception Church since April 1945.

After ordination on June 11, 1927 by the late Patrick Cardinal Hayes, in St. Patrick's Cathedral, New York, his first assignment was assistant pastor of St. Stanislaus Church, 101 East Seventh street, New York.

In January 1938, Father Sieczek was transferred to the newly-organized parish of St. Hedwig, 62 East 106th street, as administrator. From that assignment he was promoted to pastor of Immaculate Conception Church here by Francis Cardinal Spellman.

After completion of elementary education in his native Florida, Father Sieczek received his preliminary high school training at the Don Bosco Institute in Ramsey, N. J., then finished high school, college and seminary at St. Mary's in Orchard Lake, Mich.

His testimonial banquet will include a program by the parochial school children under the direction of the Felician Sisters.

General chairman of the silver jubilee celebration is Francis Zakrzewski, with Mrs. Pearl Reis as assistant chairlady. Testimonial banquet chairlady is Mrs. Mary Janeczek. Dinner music will be by Anthony Kwasnik's orchestra.

Toastmaster for the banquet is the Rev. Michael Kowalczyk, pastor of Sacred Heart of Jesus Church, Port Chester.

Good Taste Today

by Emily Post

(Author of 'Etiquette,' 'Children Are People,' etc.)

COLORED WRITING PAPER

The writer of the following letter would like my opinion regarding use of colored stationery for personal letters. She asks: "Is it proper to use the pastel shades, such as pink, blue, lavender, etc., that are now on the market, and also the more vivid shades of French pink and heliotrope? I know that years ago colored stationery was considered in bad taste, but since it seems to be so prominently displayed today, perhaps this idea has changed. I should also like to know if it is proper to use these shades when writing to a man."

Grey and greyish blue have always been conservative and in best possible taste—even for a man. Deep pink and heliotrope are in questionable taste. Very pale lavender and very pale pink are both admitted today—especially for a young girl, and quite all right to use when writing to a man.

Steak Knives

Dear Mrs. Post: I have a set of steak knives with ivory handles. When serving steak, is it correct to use these knives alone in the place setting, or should the dinner knives be included? Also, may these knives be used for anything other than steak?

Answer: The steak knives take the place of the dinner knives and no alternate knife is ever offered. They could be used for any kind of meat — above all broiled chicken.

Birthday Gift for "Boss"

Dear Mrs. Post: I am private secretary to the vice-president of our firm. He has shown me many personal kindnesses in the five years that I have been with him. His birthday is next month and I would like to know if it would be proper to remember him with a small gift.

Answer: Certainly, if you would like to. I would suggest a small item for his desk. Surely you know what he would find useful.

Bridesmaid's Dress

Dear Mrs. Post: I am going to be the only attendant in a wedding. Would it be correct for me to wear a ballerina-length dress when the bride is wearing a dress with a train?

Answer: Yes, certainly so.

* * *

In starting a set of flat silver, what are the essential pieces? Mrs. Post is sorry she cannot answer personal mail, but her leaflet E-31, "Perfect Table Silver," includes the answer to the above question. To obtain a copy, send 10 cents in coin to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Terwilliger Away At Heating Parley

S. O. Terwilliger, co-owner of Terwilliger Brothers, Kingston, is in Wichita, Kan., for a three-day gas heating conference at the factories of The Coleman Company, Inc.

Terwilliger is one of 40 representatives of distributors of heating fuels invited by the Coleman Company to participate in the conference. Coleman is one of the largest manufacturers of gas-fired home heating equipment.

In addition to touring the company's manufacturing facilities, visitors were taken on a conducted tour of Wichita and its several aircraft factories.

Increase Is Approved

New York, May 28 (AP)—The City Council has approved an increase in taxi fares, raising the initial fare from 20 cents for the first quarter mile to 25 cents for the first fifth mile. Instead of five cents for each additional quarter mile, the bill would allow five cents for each additional fifth mile. As the council voted yesterday, Republican Stanley M. Isaac and Democrat Hugh Quinn both said they thought the taxicab industry should be investigated. It "stinks to high heaven," said Quinn. The bill must be approved by the board of estimate.

Wiltwycks Win Over Chezzies In City League Debut, 8-3

McCormick Hurls Seven-Hitter

Those imported diamond aces from Highland, who represent Wiltwyck Motors in the City Baseball League, are off to their customary fast start.

They caught Big Jack Watzka on one of his wild days in Tuesday's game and moved in quickly. A big four-run first inning was the prelude to an eventual 8 to 3 triumph over Chez Emile. A crowd of 200 looked on.

Ernie McCormick pitched five shutout innings for the Motormen before yielding two runs in the sixth. Manager Joe Hoffman's tossers had him in trouble again in the seventh, twice loading the bases, but could produce only one run.

Watzka gave up six hits and walked four in four innings before "Red" Gorsline moved in from shortstop to check the Motormen.

Finn's bases-loaded single was the key blow in the first inning. The Wiltwycks combined two walks and four hits to set up the four runs.

McCormick granted seven hits, walked only one batter and struck out a half dozen. The loss was the first of the season for the defending champions who trounced Jones Dairy, 6-0, in the opener.

E. Passante, B. Finn and Kite each delivered a pair of singles for the winners. Bob Olen had a single and double and Sonny Barnes two singletons for the Chezzies.

Colonial Merchants and Boulevard Gulf will make delayed debuts in today's contest at 6:15 p. m.

Arlington Track Has Double Bill

Arlington Speedway will feature a standout stock car program on Memorial Day and the first appearance of the midget motors on Sunday, June 1.

Johnny Yannone will be on hand with his famous car that was featured in the June issue of a trade magazine "Stag." It is the popular "Red Devil 80," the same car that carried him to victory in the last Arlington meet.

Stan "A Bomb" Bomba, Yannone's arch rival, will be on hand with a brand new speed creation. Doug Benjamin, Peekskill speed ace, will head the remainder of the 40-car field.

The speedway is in first class condition, and is now reputed to be the fastest clay track on the eastern seaboard.

Sunday, June 1, will mark the first appearance of the "Mighty Midgets" in the area with a top field of the East's leading midget drivers. Andy "Pop" DeVercelly of Lynbrook, N. Y., heads the list of the Midget Auto Racing Club's drivers that will perform at the local oval. From past performances the midgets should provide something in speed records as well as the customary thrills.

Both events will start at 2:30 p. m. on the two days and will feature 25-lap main events. Arlington Speedway is located one half mile north of Howard Johnson's on Van Wagner Road, Poughkeepsie.

Schoolboy Stars In Olympic Boxing

Albany, N. Y., May 28 (AP)—A 17-year-old schoolboy who scored three knockouts in the Eastern Olympic boxing tournament will put his regional crown on the line in the national finals in Kansas City next month.

Floyd Patterson, National AAU champion from New York city, won the Eastern 165-pound championship last night when Angelo Defendis, also of New York, injured his thumb in a semi-final and defaulted.

Patterson, who scored two technical knockouts Monday night, kayoed Nolan Davis, an Annapolis midshipman, in a minute and 36 seconds of the second round of his semi-final test.

In the 112-pound title bout, Jack Spurgeon of New York city scored an upset when he won a decision over Billy Hill, National AAU champ from Washington, D. C.

Norvel Lee of Washington took the heavyweight laurels when he was given the nod over Kirby Seals, a Naval Academy entry.

Other eastern champions who will compete in the finals are:

Samuel Robbins, New York, 119-pound class: Edson Brown, New York, 125-pound; Tom Marchegino, Philadelphia, 132-pound; Vince Salvati, Troy, Navy, 139-pound; Ernest Anthony, New York, 156-pound; Lenwood Sanders, Philadelphia, 147-pound; Charles Butler, Annapolis, Navy, 178-pound.

Sal Doesn't Throw Spitter but He Hints Roe Does

Brooklyn, May 28 (AP)—The Brooklyn Dodgers, perplexed and bewildered by their inability to cope with the pitching of New York's Sal Maglie, were seeking the answer to still another mystery today.

"Was Maglie aided and abetted by cut-up baseballs in his spectacular 3-0 shutout win over the Brooks last night?"

That was what several unidentified Dodgers insinuated today after an eagle-eyed and somewhat suspicious Dodger discovered that five of the used baseballs in the Dodger bat-bag had ominous cuts on them.

"I've never seen such cuts on a ball before," said one Dodger who did not want his name used. "I'm not saying Maglie made those cuts but he certainly took advantage of them."

Manager Charlie Dressen of the Dodgers minimized the latest development, stating that the cuts could have come from a number of things.

"Balls are always getting cut up in a game," said Dressen. "They could have been scuffed up when they hit against a railing or bounced off the brick background behind home plate."

Maglie professed ignorance of any cut-ups.

"I didn't see any cut-up baseballs," he said. "But if I had, I certainly would have taken advantage of it."

At one stage of the game, Jackie Robinson requested plate umpire Dusty Boggess to examine the ball Maglie was throwing. Boggess inspected the baseball, then threw it out of play.

"Some of them have an idea that Maglie is throwing a spitter," explained Dressen. "I kept watching for it but I didn't see anything."

Maglie had an answer for that too.

"I wouldn't know how to throw a spitter," he said. "But I know of a pitcher who does know how. He was in the park last night and he is not a member of the Giants."

Maglie did not identify the pitcher further but Preacher Roe of the Dodgers has been accused at various times by other clubs of throwing a spitter.

Belleayre Lift Opens Thursday

New York's only chair lift, at Belleayre Mt. Ski Center at Highmount, will resume operations for the summer Thursday.

In its three winters and two summers of operation by the Conservation Department, approximately a quarter million rides have been taken on the lift.

The 300-foot lift with its 83 chairs, carries passengers effortlessly up and down the massive mountain. Spectacular views of the surrounding Catskill mountains makes this trip one of the leading attractions both winter and summer.

The summit with its fireplaces, tables and benches is an ideal place for picknicking. Hiking trails lead off in both directions along the mountains long ridge. About a mile distant is the Belleayre fire tower. From here trails lead to Pine Hill and Big Indian.

Officially closed since the end of the skiing season, the lift will be re-opened for the long Memorial Day weekend and on succeeding weekends in June. Daily operation begins June 28 and continues through September 14. Thereafter the lift operates only on weekends throughout the height of the fall foliage.

Pre-season inquiries and visitors indicate the Belleayre chair lift is more than ever a summer attraction. Clubs, camps, fraternal organizations, PTA groups, school groups, churches, service clubs, summer hotels and many others are awaiting the opening of the Belleayre Mt. Ski Center for the summer season.

Giants' Win Points Up Maglie's Amazing Mastery Over Dodgers

By JOE REICHLER
(Associated Press Sports Writer)

If Brooklyn is distressed today blame it on New York's Salvatore Maglie.

His dreaded curve ball cutting the corner as sharp as a razor, Sal (The Barber) Maglie treated the Dodgers to one of his copyrighted clippings last night as he pitched the Giants to a 3-0 triumph.

The righthander was in an especially clip-happy mood. He not only strapped the Brooks with four meager hits but cut down six of them via strikeouts. Sal's earned run percentage is now 1.14.

It was a big victory for the Giants as well as for the 35-year-old Maglie. It not only was the Giants sixth straight triumph but it was their second in a row over their arch interborough rival and it increased their National League lead over the Brooks to a game and a half.

For Maglie it was the ninth straight win. He has yet to taste defeat this season. It also was his second straight shutout over the Dodgers. He limited them to two hits the other time he faced them.

The Giants got only six hits off loser Ben Wade and John Rutherford but they included homers by Willie Mays and Don Mueller. The latter singled and eventually brought in the third run in the ninth inning. Mays, who plays his last 1952 game for the Giants today before his induction Thursday, also doubled twice.

Reynolds Excels

Maglie's was not the only outstanding pitching performance yesterday. Allie Reynolds of no-hit fame yielded only two safeties as he hurled the New York Yankees to a 7-2 victory over the Washington Senators. Both came in the fourth inning and accounted for the Nats' tallies.

Yogi Berra, Reynolds' batterymate in his two no-hitters of last year, hit a pair of homers and a double. Irv Noren, principal figure in the May 3 trade with Washington, chipped in with a two-run homer. Jackie Jensen, who went to the Nats in the deal, doubled in one Washington run and moved a runner to third from where he scored on Mickey Vernon's fly.

Washington remained in a tie for second with Boston still two and a half games off the American League pace when both Cleveland and the Red Sox were beaten. Vic Wertz' three-run homer climaxed a six-run sixth inning outburst by Detroit to give the Tigers a 6-4 decision over the Indians. Bob Lemon absorbed his fourth defeat after pitching five innings of hitless ball. Hal Newhouser, in relief, picked up his first victory.

Zernial Socks Homer

Gus Zernial's two-run homer in the fifth and Eddie Joost's two-run double in the ninth gave rookie Harry Byrd his first win and the Philadelphia Athletics a 7-3 triumph over the Red Sox.

Saul Rogovin pitched the Chicago White Sox to a six-hit 3-0 victory over the St. Louis Browns. Eddie Stewart singled in two runs in the first, and Eddie Robinson banged his fifth homer in the ninth. Ned Garver, who turned in shutouts in his first two starts, absorbed his fifth straight licking.

Enos Slaughter rapped four hits including a home run and Stan Musial also came through with a four-bagger to lead the St. Louis Cardinals to an 8-5 win over the Chicago Cubs. Gerry Staley coasted to his eighth mound success.

Eddie Pellagrini, inserted at first base because of a recurrence of a shoulder injury to Hank Edwards, banged a 14th inning home run to give the Cincinnati Reds a 5-4 victory over Pittsburgh.

Boston's Braves and Philadelphia's Phils split a twi-night doubleheader. Three singles and an infield out gave the Braves two runs in the 12th and a 4-2 opening game win. A triple by Del Ennis and Willie Jones fly gave the Phils a 5-4 second game triumph in the 10th.

Wiltwycks Win Over Chezzies In City League Debut, 8-3

McCormick Hurls Seven-Hitter

Those imported diamond aces from Highland, who represent Wiltwyck Motors in the City Baseball League, are off to their customary fast start.

They caught Big Jack Watzka on one of his wild days in Tuesday's game and moved in quickly. A big four-run first inning was the prelude to an eventual 8 to 3 triumph over Chez Emile. A crowd of 200 looked on.

Ernie McCormick pitched five shutout innings for the Motormen before yielding two runs in the sixth. Manager Joe Hoffman's tossers had him in trouble again in the seventh, twice loading the bases, but could produce only one run.

Watzka gave up six hits and walked four in four innings before "Red" Gorsline moved in from shortstop to check the Motormen.

Finn's bases-loaded single was the key blow in the first inning. The Wiltwycks combined two walks and four hits to set up the four runs.

McCormick granted seven hits, walked only one batter and struck out a half dozen. The loss was the first of the season for the defending champions who trounced Jones Dairy, 6-0, in the opener.

E. Passante, B. Finn and Kite each delivered a pair of singles for the winners. Bob Olen had a single and double and Sonny Barnes two singletons for the Chezzies.

Colonial Merchants and Boulevard Gulf will make delayed debuts in today's contest at 6:15 p. m.

Arlington Track Has Double Bill

Arlington Speedway will feature a standout stock car program on Memorial Day and the first appearance of the midget motors on Sunday, June 1.

Johnny Yannone will be on hand with his famous car that was featured in the June issue of a trade magazine "Stag." It is the popular "Red Devil 80," the same car that carried him to victory in the last Arlington meet.

Stan "A Bomb" Bomba, Yannone's arch rival, will be on hand with a brand new speed creation. Doug Benjamin, Peekskill speed ace, will head the remainder of the 40-car field.

The speedway is in first class condition, and is now reputed to be the fastest clay track on the eastern seaboard.

Sunday, June 1, will mark the first appearance of the "Mighty Midgets" in the area with a top field of the East's leading midget drivers. Andy "Pop" DeVercelly of Lynbrook, N. Y., heads the list of the Midget Auto Racing Club's drivers that will perform at the local oval. From past performances the midgets should provide something in speed records as well as the customary thrills.

Both events will start at 2:30 p. m. on the two days and will feature 25-lap main events. Arlington Speedway is located one half mile north of Howard Johnson's on Van Wagner Road, Poughkeepsie.

Schoolboy Stars In Olympic Boxing

Albany, N. Y., May 28 (AP)—A 17-year-old schoolboy who scored three knockouts in the Eastern Olympic boxing tournament will put his regional crown on the line in the national finals in Kansas City next month.

Floyd Patterson, National AAU champion from New York city, won the Eastern 165-pound championship last night when Angelo Defendis, also of New York, injured his thumb in a semi-final and defaulted.

Patterson, who scored two technical knockouts Monday night, kayoed Nolan Davis, an Annapolis midshipman, in a minute and 36 seconds of the second round of his semi-final test.

In the 112-pound title bout, Jack Spurgeon of New York city scored an upset when he won a decision over Billy Hill, National AAU champ from Washington, D. C.

Norvel Lee of Washington took the heavyweight laurels when he was given the nod over Kirby Seals, a Naval Academy entry.

Other eastern champions who will compete in the finals are:

Samuel Robbins, New York, 119-pound class: Edson Brown, New York, 125-pound; Tom Marchegino, Philadelphia, 132-pound; Vince Salvati, Troy, Navy, 139-pound; Ernest Anthony, New York, 156-pound; Lenwood Sanders, Philadelphia, 147-pound; Charles Butler, Annapolis, Navy, 178-pound.

Sal Doesn't Throw Spitter but He Hints Roe Does

Brooklyn, May 28 (AP)—The Brooklyn Dodgers, perplexed and bewildered by their inability to cope with the pitching of New York's Sal Maglie, were seeking the answer to still another mystery today.

"Was Maglie aided and abetted by cut-up baseballs in his spectacular 3-0 shutout win over the Brooks last night?"

That was what several unidentified Dodgers insinuated today after an eagle-eyed and somewhat suspicious Dodger discovered that five of the used baseballs in the Dodger bat-bag had ominous cuts on them.

"I've never seen such cuts on a ball before," said one Dodger who did not want his name used. "I'm not saying Maglie made those cuts but he certainly took advantage of them."

Manager Charlie Dressen of the Dodgers minimized the latest development, stating that the cuts could have come from a number of things.

"Balls are always getting cut up in a game," said Dressen. "They could have been scuffed up when they hit against a railing or bounced off the brick background behind home plate."

Maglie professed ignorance of any cut-ups.

"I didn't see any cut-up baseballs," he said. "But if I had, I certainly would have taken advantage of it."

At one stage of the game, Jackie Robinson requested plate umpire Dusty Boggess to examine the ball Maglie was throwing. Boggess inspected the baseball, then threw it out of play.

"Some of them have an idea that Maglie is throwing a spitter," explained Dressen. "I kept watching for it but I didn't see anything."

Maglie had an answer for that too.

"I wouldn't know how to throw a spitter," he said. "But I know of a pitcher who does know how. He was in the park last night and he is not a member of the Giants."

Maglie did not identify the pitcher further but Preacher Roe of the Dodgers has been accused at various times by other clubs of throwing a spitter.

Belleayre Lift Opens Thursday

New York's only chair lift, at Belleayre Mt. Ski Center at Highmount, will resume operations for the summer Thursday.

In its three winters and two summers of operation by the Conservation Department, approximately a quarter million rides have been taken on the lift.

The 300-foot lift with its 83 chairs, carries passengers effortlessly up and down the massive mountain. Spectacular views of the surrounding Catskill mountains makes this trip one of the leading attractions both winter and summer.

The summit with its fireplaces, tables and benches is an ideal place for picknicking. Hiking trails lead off in both directions along the mountains long ridge. About a mile distant is the Belleayre fire tower. From here trails lead to Pine Hill and Big Indian.

Officially closed since the end of the skiing season, the lift will be re-opened for the long Memorial Day weekend and on succeeding weekends in June. Daily operation begins June 28 and continues through September 14. Thereafter the lift operates only on weekends throughout the height of the fall foliage.

Pre-season inquiries and visitors indicate the Belleayre chair lift is more than ever a summer attraction. Clubs, camps, fraternal organizations, PTA groups, school groups, churches, service clubs, summer hotels and many others are awaiting the opening of the Belleayre Mt. Ski Center for the summer season.

The SCOREBoard

Brooklyn, May 28 (AP)—When Branch Rickey signed schoolboy Billy Loes for a $21,000 bonus, he almost apologized to the Brooklyn press.

"The boy is not a $21,000 pitcher," he said. "Possibly $10,000 but not $21,000. But he is a Long Island boy and I can't afford to let somebody else grab him under my nose."

All of which proves that B.R., too, can be wrong. Sailing along with a 5-0 record, 22-year-old Billy looks more like a $100,000 pitcher. He's flying high with an earned run average of 0.63 and two shutouts and a 1-1 tie in three starting chances.

A brief recap of Loes' career might be in order. The youngster first attracted attention when he pitched five no-hitters for Bryant High School in Queens. After he played at Ebbets Field in a "Brooklyn vs. the world" sandlot all-star game, the Dodgers signed him.

Billy split his first year between Dodger farms at Nashua, N. H., and Fort Worth. When he came up to the Brooks in '50 as a bonus player, he couldn't be farmed out. His record was an unconspicuous 0-0, relieving in 10 games when little was at stake.

After a year in the Army, Loes returned to the Dodgers in 1952 for spring training. Nobody gave him much of a chance. He was just the kid who got in on a rain check in '50.

Dressen Impressed

While everybody raved about Johnny Rutherford, Chris Van Cuyk and Clem Labine, Manager Charlie Dressen kept pointing toward Loes.

"Don't overlook the kid," said Dressen. "He wants to stay on this club. He thinks he can win up here and I'm inclined to think so, too."

Dressen didn't wait long to give Loes his first chance. The first time the Dodgers met the New York Giants this season, Labine and Erskine were hammered hard. Loes came in to pitch five brilliant shutout innings. He looked so good in other relief jobs that Dressen promoted him to starting status, May 15.

In his first start, Loes shut out Pittsburgh, 2-0, with six hits. Next start he struck out five Chicago Cubs in a row as he battled to a 1-1 tie with Turk Lown, another ex-Brooklyn farmhand. That game was stopped by rain after six innings. His last outing was a five-hit shutout of the Phillies.

Has Real Fast Ball

"I didn't think I had too good a chance of making the club," he said. "But Charley is a gambling manager. He'll give you a chance. If you produce, he'll give you another chance. I hope I can keep on producing."

Loes thinks the 10 pounds he picked up in the Army made him stronger, adding zip to his fast ball. Dodger catcher Roy Campanella said he never caught anybody as fast as Billy.

It all adds up to the cheapest $21,000 the Brooklyn club has spent in many a day.

Knowles Is Upset

Prestwick, Scotland, May 28 (AP)—Bobby Knowles, Walker Cup member from Boston, was eliminated by a local milkman today in the third round of the British Amateur golf championship. He was the first big name American to suffer a defeat.

The New Englander was beaten, 3 and 2, by Matt Alexander as winds of near-gale force swept the ancient Prestwick course and made play almost impossible.

Another American, George F. Hackl of Princeton, N. J., also was ushered to the sidelines, beaten by A. C. Miller, a Glasgow soccer player. The Scotchman won easily, 6 and 5.

Jim McHale, towering Walker Cupper from Philadelphia got the U. S. forces back on the winning road with a 4 and 3 triumph over a young Scottish rival, Reid Jack.

Bill Shields of Albany, N. Y., downed W. S. McLeod of Scotland, one up, and Ted Bassett of Westchester, N. Y., humbled J. M. McNeilly of the U. S. Army, 2 and 1, in other third round matches.

Both third and fourth rounds were scheduled today over the 6,531-yard, par 72 layout.

THE CURE FAILED — Bobby Spain, two, of Westgate-on-Sea, England, took his first puff at the age of one. Daddy thought it would cure him of wanting to smoke, but Bobby's still puffing away. He likes to smoke, and his parents can't object. It seems to have improved his appetite.

Blitzen Up Wins

Westbury, N. Y., May 28 (AP)—Blitzen Up captured the featured Westbury Trot last night at Roosevelt Raceway, crossing the finish line two lengths in front of Great Hanover in the second night of Grand Circuit competition at the Westbury oval. Blitzen Up, the four-year-old favorite, collared the pace-setting Willie S. at the three-quarter pole to win an easy victory. Great Hanover passed Willie S., who finished third, about 50 yards from the finish line and returned $17.00 for place and $7.10 for show. Blitzen Up paid place and show backers $3.50 and $2.80 to go with a $5.30 wir price.

Newburgh Academy came up with a seven-run third inning to blast Kingston High, 10 to 4, in a DUSO baseball game Tuesday at the Hill City.

A melange of walks, errors and a couple of timely hits enabled the Goldbacks to score one of their infrequent diamond victories over the Maroon and avenge an early season setback.

George Telepas, the Kingston starter, went out during the rally and was followed by Red Hinkley and Frank Reis, who pitched effectively in relief.

The Maroons outhit the home swingers, 8 to 7, but four untimely miscues and five walks did the damage.

Don Jones, the Kingston right fielder, enjoyed a perfect day at bat with "3 for 3", including two singles and a triple. Hinkley blasted a three bagger.

Jack Fanning, the huge catcher, poked two singles for the winners. Bob Early, the winning pitcher, struck out six.

The SCOREBoard

Brooklyn, May 28 (AP)—When Branch Rickey signed schoolboy Billy Loes for a $21,000 bonus, he almost apologized to the Brooklyn press.

"The boy is not a $21,000 pitcher," he said. "Possibly $10,000 but not $21,000. But he is a Long Island boy and I can't afford to let somebody else grab him under my nose."

All of which proves that B.R., too, can be wrong. Sailing along with a 5-0 record, 22-year-old Billy looks more like a $100,000 pitcher. He's flying high with an earned run average of 0.63 and two shutouts and a 1-1 tie in three starting chances.

A brief recap of Loes' career might be in order. The youngster first attracted attention when he pitched five no-hitters for Bryant High School in Queens. After he played at Ebbets Field in a "Brooklyn vs. the world" sandlot all-star game, the Dodgers signed him.

Billy split his first year between Dodger farms at Nashua, N. H., and Fort Worth. When he came up to the Brooks in '50 as a bonus player, he couldn't be farmed out. His record was an unconspicuous 0-0, relieving in 10 games when little was at stake.

After a year in the Army, Loes returned to the Dodgers in 1952 for spring training. Nobody gave him much of a chance. He was just the kid who got in on a rain check in '50.

Dressen Impressed

While everybody raved about Johnny Rutherford, Chris Van Cuyk and Clem Labine, Manager Charlie Dressen kept pointing toward Loes.

"Don't overlook the kid," said Dressen. "He wants to stay on this club. He thinks he can win up here and I'm inclined to think so, too."

Dressen didn't wait long to give Loes his first chance. The first time the Dodgers met the New York Giants this season, Labine and Erskine were hammered hard. "I didn't think I had too good a chance of making the club," he said. "But Charley is a gambling manager. He'll give you a chance. If you produce, he'll give you another chance. I hope I can keep on producing."

Blitzen Up Wins

Westbury, N. Y., May 28 (AP)—Blitzen Up captured the featured Westbury Trot last night at Roosevelt Raceway, crossing the finish line two lengths in front of Great Hanover in the second night of Grand Circuit competition at the Westbury oval. Blitzen Up, the four-year-old favorite, collared the pace-setting Willie S. at the three-quarter pole to win an easy victory. Great Hanover passed Willie S., who finished third, about 50 yards from the finish line and returned $17.00 for place and $7.10 for show. Blitzen Up paid place and show backers $3.50 and $2.80 to go with a $5.30 win price.

Knowles Is Upset

Prestwick, Scotland, May 28 (AP)—Bobby Knowles, Walker Cup member from Boston, was eliminated by a local milkman today in the third round of the British Amateur golf championship. He was the first big name American to suffer a defeat.

The New Englander was beaten, 3 and 2, by Matt Alexander as winds of near-gale force swept the ancient Prestwick course and made play almost impossible.

Another American, George F. Hackl of Princeton, N. J., also was ushered to the sidelines, beaten by A. C. Miller, a Glasgow soccer player. The Scotchman won easily, 6 and 5.

Jim McHale, towering Walker Cupper from Philadelphia got the U. S. forces back on the winning road with a 4 and 3 triumph over a young Scottish rival, Reid Jack.

Bill Shields of Albany, N. Y., downed W. S. McLeod of Scotland, one up, and Ted Bassett of Westchester, N. Y., humbled J. M. McNeilly of the U. S. Army, 2 and 1, in other third round matches.

Both third and fourth rounds were scheduled today over the 6,531-yard, par 72 layout.

THE CURE FAILED — Bobby Spain, two, of Westgate-on-Sea, England, took his first puff at the age of one. Daddy thought it would cure him of wanting to smoke, but Bobby's still puffing away. He likes to smoke, and his parents can't object. It seems to have improved his appetite.

Gavilan Fights

Indianapolis, May 28 (AP)—Kid Gavilan of Cuba leaves his world welterweight title at home but puts his reputation on the line tonight in a 10-round bout with Fitzie Pruden of Paterson, N. J. Gavilan is the favorite. He had to finish fast to outpoint Pruden in a 10-rounder at Milwaukee a year ago, but Pruden has lost his last three bouts—two to Arthur King and one to Chico Vejar. The fight will be telecast and broadcast by CBS at 10 p. m. (E.D.T.).

Mrs. Kelly Wins Flag Tournament

Mrs. William A. Kelly won the Flag tournament staged by the Twaalfskill women's group yesterday when she finished just short of the 19th green.

Second place went to Mrs. A. B. Shufeldt who was on the 19th fairway.

Fifteen golfers competed in the first competition of the season and more than 50 members took part in the luncheon and social hour that followed.

Other winners in the Flag tournament were Mrs. Charles Vogel, who was in the cup on the 18th hole and Mrs. Charles O'Reilly who was six inches from the cup. Mrs. John Van Gonsic, Mrs. N. LeVan Haver and Mrs. Hugh Elwyn finished on the 18th green.

Portland, Me. — Joe Rindone, 165¼, Boston, outpoined Raymond Dieu, 169, France, 10.

Parking Ban Set For Friday Parade

Police Chief Raymond Van Buren announced today that no parking will be allowed along the uptown streets where the Memorial Day parade will form, Friday.

The parking restriction will be in effect from 1 p. m., until after the parade units leave the area. Parking will be prohibited also on Broadway in front of the city hall from O'Reilly to Andrew street, because the reviewing stand will be in that area.

Regulations for the uptown streets prohibit parking in the area where the parade forms in the vicinity of Academy Green.

Cars will not be allowed to park on Wall or Fair streets from Main to St. James street; on Clinton avenue from Main to St. James street; on Pearl street from Green to Albany avenue, and on Maiden Lane from Wall street to Albany avenue.

St. James street will be used to detour traffic to and from uptown around the parade area.

The parade is scheduled to start forming at 1:30 and to start at 2 p. m.

Goldstein Raps Doctors, Druggists Who Violate Laws

New York, May 28 (AP)—Preliminary probing has unearthed an "unhealthy" condition involving doctors and druggists who own stock in new drug firms, Attorney General Nathaniel Goldstein says.

He promises to prefer charges seeking suspension or revocations of licenses against any found violating the laws.

But, he said yesterday, "it would be unfair to indict the whole medical profession because of the evil practices of a minority."

The attorney general's probe was touched off by reports in the New York World-Telegram and Sun that physicians were involved in a prescription writing deal with pharmacists.

Some doctors allegedly re-label known drugs, give them new trade names, sell them at higher prices to druggists and then prescribe them for patients.

Goldstein said 32 subpoenas have been issued since last Thursday to drug firms, involving hundreds of individuals.

Parking Ban Set For Friday Parade

Police Chief Raymond Van Buren announced today that no parking will be allowed along the uptown streets where the Memorial Day parade will form Friday.

The parking restriction will be in effect from 1 p. m., until after the parade units leave the area. Parking will be prohibited also on Broadway in front of the city hall from O'Reilly to Andrew street, because the reviewing stand will be in that area.

Regulations for the uptown streets prohibit parking in the area where the parade forms in the vicinity of Academy Green.

Cars will not be allowed to park on Wall or Fair streets from Main to St. James street; on Clinton avenue from Main to St. James street; on Pearl street from Green to Albany avenue, and on Maiden Lane from Wall street to Albany avenue.

St. James street will be used to detour traffic to and from uptown around the parade area.

The parade is scheduled to start forming at 1:30 and to start at 2 p. m.

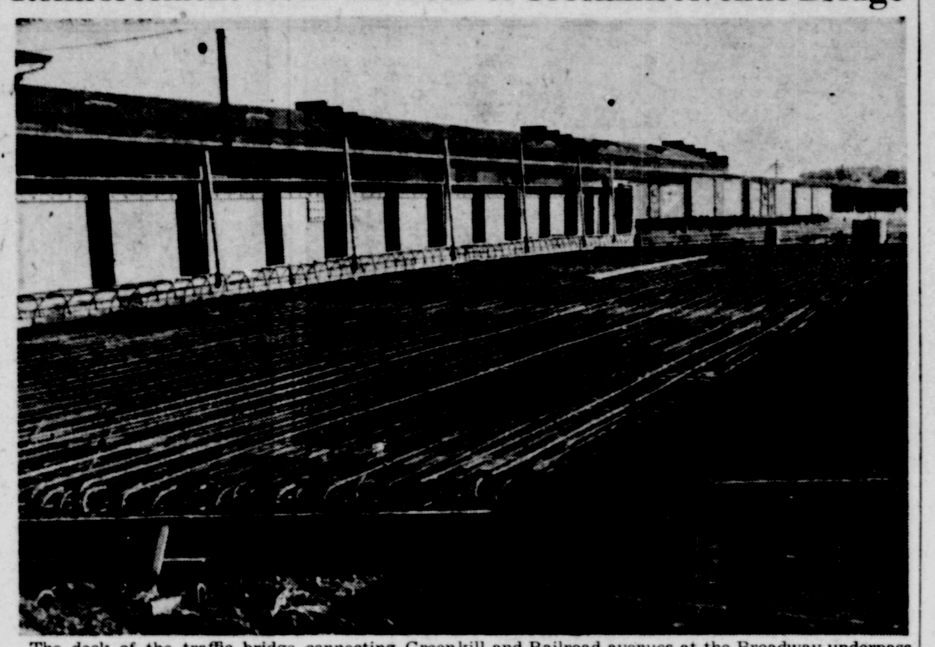
Reinforcement Rods on Deck of Greenkill Avenue Bridge



The deck of the traffic bridge connecting Greenkill and Railroad avenues at the Broadway underpass was ready today for the pouring of concrete. Goldstein Raps Doctors, Druggists Who Violate Laws

New York, May 28 (AP)—Preliminary probing has unearthed an "unhealthy" condition involving doctors and druggists who own stock in new drug firms, Attorney General Nathaniel Goldstein says.

He promises to prefer charges seeking suspension or revocations of licenses against any found violating the laws.

But, he said yesterday, "it would be unfair to indict the whole medical profession because of the evil practices of a minority."

The attorney general's probe was touched off by reports in the New York World-Telegram and Sun that physicians were involved in a prescription writing deal with pharmacists.

Some doctors allegedly re-label known drugs, give them new trade names, sell them at higher prices to druggists and then prescribe them for patients.

Goldstein said 32 subpoenas have been issued since last Thursday to drug firms, involving hundreds of individuals.

To Show Fishing Champion in Film

Fishin' for Fun, a new two-reel sound motion picture starring Ben Hardesty, U. S. professional all-around bait and fly-casting champion, will be shown to some 200 guests and fishing enthusiasts at the show room of the Bev Anderson Chevrolet, Inc., 731 Broadway, at 8:30 p. m. Saturday, May 31, it was announced today.

President Bev Anderson said that a 16 mm. print of the film was being supplied by the Detroit headquarters of the Fisher Body Division of General Motors, the firm that produced and is distributing the film.

Described as an important contribution to fishing lore by conservation authorities and others who have viewed it, the film presents a comprehensive exhibition in the art of fishing and casting, encouraging participation in the sport and emphasing the thrill every fisherman seeks.

Hardesty, a plain and fancy fisherman who truly labors for love, is described by Ted Husing who narrates the film as a "guy who drops 'em in a teacup as far away as you can see it."

Bridges Would Probe Ridgway Part in Koje

Washington, May 28 (AP)—Demands arose in both congressional and military circles today for a fuller explanation of a whole series of Red uprisings in the Koje prisoner of war camps.

Military leaders here have asked the Far East Command to explain how, with so much previous violence in the stockades, the Communists were permitted to get as far out of hand as they did this month.
